WT Officer Chambers Resigns

BY ELAINE PEEPLES

Kennith L. Chambers, security officer at West Texas State University, said Wednesday morning he has resigned his position effective April 1.

Chambers said he resigned because of all the harrassment he and his family have been receiving.

Chambers said he has accepted a job with Cooper and Woodruff, Inc., in Amarillo, as a field mechanic. He said he was leaving law enforcement for the present time.

Chambers said he and his attorney, Jerry Kolander of Amarillo, had no plans to carry the incident further at this time. "I am just getting out of it," Chambers said.

As far as the incident at Lake Meredith is concerned. Chambers stated "The incident has been tried and found not guilty and the case is closed as far as I am concerned and as far as the law is concerned."

Chambers said every law enforcement officer involved in the case have said they were too hasty and brought Chambers into Potter County before they found out what happened.

Chambers said he enjoyed his work at WTSU and "I really hate to leave."

Bobby Hudson, security chief at WT, said Wednesday morning he was notified of Chamber's resignation Tuesday night.

"With no more than the university is paying Chambers, he felt it was not worth what he and his family have been through," Hudson stated.

"The man is physically and mentally broken down," Hudson declared.

Hudson said as long as Chambers continued to work at the university and was trying to work out the situation it was out of his control to release any information about the incident.

When asked about the hearing set at the university following Easter vacation at WT, Hudson said, "I sure hate for a cloud to continue hanging over the man."

The investigation into the conduct of Chamb-rs was begun following two editorials published in the WTSU newspaper, "The Prairie."

The investigation concerns an incident in August of 1970, at Lake Meredith which resulted in charges of drunk and disorderly being filed against Chambers in Potter County.

Chambers pled not guilty to the charges and the charges were dropped "at the request of Bobby Hudson," according to Potter County records.

"I feel Chambers recent trouble was due to a ticket given to Dale Lockett on the campus," Hudson declared. Lockett is an employee of KFDA-TV and his wife is a member of the "Prairie" staff. Both are students at WT.

Hudson stated Chambers gave Lockett a ticket and "was attacked by the Prairie within a few days." Hudson said Lockett was in his family car and was given a ticket for parking in zone 3 in a faculty parking space.

Lockett's parking permit is in Zone 4, Hudson said.

"When it was verified he was a full-time employee of a news media, the citation was handled with no charge," Hudson noted.

Hudson said he made a mistake in not documenting his investigation of the incident immediately after it happened "but hindsight is better than foresight," Hudson added.

The security head said he had made repeated attempts to find the witnesses at the lake but had

Solons To Honor Canyon Girl Eagles

Rep. Bryan Poff of Amarillo and Rep. Tom Christian of Claude introduced a resolution to the Texas House of Representatives Wednesday recognizing the Canyon Girl Eagles as the best girls basketball team in the state.

The resolution honored the Girl Eagles for their perserverance and outstanding talent, which was brought together and developed by their coaches; Bob Schneider, Willie McAlpine and Diane Lewis.

It also cited the Canyon girls on their outstanding 30-5 season record. Each of the girls were to be named in the resolution which will go into the permanant House record and signed by Gov. Preston Smith.

Although the bill had not been introduced on the floor of the House by presstime, Poff said that he expected passage late Wednesday afternoon or early Thursday morning.

The girls won the 1-AAA district crown without a loss and then defeated the Saginaw Boswell quintet in the Regional playoffs held in Sweetwater.

They moved to the state tournament in Austin and whipped the Angleton cagers in the semifinals in the waning seconds of play. The Eagles humiliated Rockdale in the finals 59-36, while holding Rockdale to the lowest number of field goals in recent history.

Marilyn Read, Kris Tucker and Joy Williams were named to the State All-Tourney team shortly after the tourney.

On New Speaker

Representatives Differ

By BENNY TURNER

State Representative Bryan Poff and Ben Bynum agree that the state must help finance the May 6 primaries, and that the legislators will approve some form of the Highway Beautification Act, in the special session.

"I think that the state funding of the primaries at a minimum cost to the state is our only alternative," said Poff. "They only way I see to achieve that is on a per capita basis.

Bynum said that he felt the legislators would vote to finance the primaries through state funding.

Both of the legislators left for Austin Monday to attend the special session called by Governor Preston Smith, which convened Tuesday. "The way it looks we will be back home by Saturday," Poff stated.

Bynum said that while he hoped they would be home by Saturday, "There is a coalition of State Senators that would like to hold us in session for 11 days or more so the Governor would have to ask for senate confirmation of his numerous appointees. Those appointees include Secretary of State Bob Bullock.

"I don't think that coalition will stay together, however. Because of the pressure that will probably be exerted by the House to adjourn and possibly the press," Bynum added.

State Senator Max Sherman of Amarillo, said he was familiar with the efforts to hold the legislature in session longer than 10 days. "I think it would be better to consider these appointees at a later date when there is more time for consideration and less pressure.

"If it were a matter of two or three confirmations, that would be a different matter. But the Governor could present 200 or

Sunday News To Be Mailed

The Canyon Sunday News will go into the mail Sunday for the first time as a paid up subscription newspaper.

This announcement was made Wednesday by Troy Martin, publisher.

Martin said there are several reasons for making The Sunday News a paid publication.

"A number of our readers had complained that they did not get the Sunday News and was therefore missing much of what was going on in Canyon," Martin said.

The Canyon publisher said he also feels that this factor made it impossible to expand the outlying circulation of both The Canyon News and The Sunday News to the utmost.

"We want to use our newspapers not only as tools to serve the community but also to tell the story of Canyon to outlying areas letting the people there know how good it is to visit and shop in

Chamber Of Commerce To Discuss Tourism

Prospects for joining the Panhandle Playground Association, plans for the July 4 Celebration here and the Canyon Days festivities, and the All-Sports Banquet slated April 24 — all are topics slated for discussion next Monday by members of the Canyon Chamber of Commerce.

C of C President David West said this week the chamber will promote affiliation with the Panhandle Playground organization in an effort to boost tourism for Canyon.

Said West: "I think it (the association) is a thing we have to join because of the tourist items that we have around Canyon." He said costs involved in joining the association will be justified by wide advertising such action would bring to this city.

He said emphasis in the future would be in development of the State Historical Site located at the original ranch headquarters of the T-Anchor Ranch, a cabin situated just north of Canyon. He also said future C of C activity will seek to boost further Buffalo Lake as an important tourist attraction of this area.

West said no date has yet been set for Canyon Days, to come sometime in July.

FROM THE CANYON RIM

Stamp collections of two former legislators from Amarillo are almost certain to become campaign issues within the next few days.

Although Walter Knapp, presently a candidate for district attorney in Potter County, is under scrutiny by the district attorney's office in Travis County, Hudson Moyer's stamp expense probably will be of more interest to people here.

Moyer is opposing Rep. Bryan Poff for the right to represent the 65th District in the legislature and this includes Randall County.

Records in the capitol show that Moyer drew $1,500 in stamps Oct. 16, 1970 and another $1,500 worth Dec. 31, 1970 less than two weeks before his 8-years as a legislator drew to a close.

Moyer had been defeated by Poff in the May primary.

At first Hudson declined to make a statement saying that he felt any statement while Knapp's reported withdrawal of $6,000 worth of stamps in the waning days of his tenure still is under investigation by the Travis County district attorney would be inappropriate.

Then Moyer went on to say that during his eight years as a legislator he spent much more on expenses of his office than he ever drew and that he withdrew the $3,000 worth of stamps as his term came to a close in order to recover some of those expenses.

"My term didn't expire until Jan. 12, 1971 and I had continuing duties up to that time," Moyer went on.

Moyer said the stamps withdrawn were merely expenses in arrears and owing to him and that he was just catching up.

Moyer explained that for seven of his eight years in the legislature legislators were never allowed an expense account of more than $250 a month.

"I went six years during which my contingent expense allowance did not cover expenses," he asserted.

He went on to say that effective Oct. 1, 1969 legislators were authorized $875 a month for contingent expenses.

"I had the benefit of that for only 14 months out of 8 years," he asserted.

Moyer concluded that over the 8-year period he had a substantial out of pocket loss on expenses.

***

Legislators should be allowed actual expenses for conduct of their office subject to certain limitations laid down by law.

Blanket expense allowances are no more justifiable in government than they would be in private business.

Anything a legislator spends on expenses should be accounted for in writing and paid through the appropriate state agency.

In my opinion, paying off expenses in postage stamps borders on the ridiculous and is begging for trouble.

It seems to me that for a legislator to try to collect 8 years expenses in three months leaves something to be desired.

***

A deluge of H.M. Baggarly's column denouncing Dolph Briscoe as the villian of the Eagle Pass School tax litigation is flooding the state.

The column says Briscoe tried to put the school district over the barrel financially as a result of the suit by refusing to pay his school taxes on time.

School officials at Eagle Pass say this is not so but that Briscoe actually saved the day for the school district by talking other disgruntled taxpayers into paying up so the school could open on time.

The latest letter came to school people here from W. L. Mann, superintendent of the Springlake-Earth school system.

The letter was on a school letterhead so I would assume that sending it was some expense to the school and state. The letter I saw was addressed to Dr. Dudley Moore, president of the Canyon school board, and it was nothing more than an outright campaign letter on behalf of Ben Barnes.

If you remember, the Briscoe story was released by the Tulia editor the day after the Ben Barnes campaign train whistled through Tulia.

Now it's all right if the Earth superintendent wants to campaign for Barnes or anyone else as a private citizen but when he uses stationery paid for by the state and campaigns in his capacity as a school superintendent on state pay roll it becomes the business of everyone.

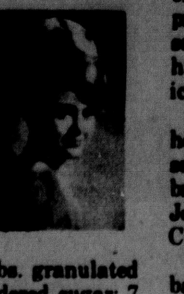
Tidbits here and there

BY CAROL CRAIN

THOSE ENCHANTED EASTER EAGGS pictured on the front page of the News Sunday with little Carol Moses are easy to make.



I thought you might like to have the recipe to clip and save for upcoming Easters. So, here it is...borrowed from Mrs. Moses.

You'll need: 5 lbs. granulated sugar; 2 lbs. powdered sugar; 7 egg whites; ½ c. cornstarch; 1 t. cream of tartar; food coloring; a large bowl; small cloth bag; thin, sharp knife; spoon; plastic egg mold; cake decorator; miniature objects to go inside.

You can get the mold from a hobby shop (a candle mold works well).

Eggs: Mix the granulated sugar with 3 unbeaten egg whites in a large bowl. Put ½ c. cornstarch in a cloth bag and dust each half of the egg shell mold. Pack sugar in firmly. Turn the eggs upside down into a smooth surface; cut off 1 inch from the tapered end (to form opening later). Put in warm oven (250 degrees) for 10-15 minutes or let dry for 2 hrs. Scrape out inside leaving ⅛ inch thick walls.

Icing: Beat 4 egg whites until stiff, add 2 lbs. powdered sugar mixed with 1 t. cream of tartar beat until icing stands in peaks; tint in your choice of colors. Spread green on the bottom half of each egg to resemble grass, press in minature items to make scene, use icing to seal the egg halfs, then decorate with the icing, ribbon, flowers, etc.

SPEAKING OF EASTER, here's an idea for church nursery groups, kindergartens, or brownie troop shared by Mrs. John Plank of the First Baptist Church staff.

Give each child a puffy cotton ball and a plastic bag containing some powdered yellow tempera paint. Let each one shake the bag with the cotton inside until it is all yellow.

Help each child cut a beak of orange construction paper and two black or blue eyes (a paper hole punch works nicely for the eyes). Let them glue the face onto the yellow pfuff then have a tiny basket (colorful paper cup cake or muffin cup) that they can add artificial grass to and set their chicken in.

Three year olds at the church nursery did this last Sunday and were very proud of the finished product.

"It is important that the children feel that they did it," Mrs. Plank relates," This builds self confidence as well as pride in themselves."

MIKE CASEY, FORMER Personality King at WTSU, will return to Canyon in August to finish his education. The guitar pickin' and grinnin' Casey has been serving the armed forces in Japan (also Viet Nam, Phillipines, Alaska).

Mike will also bring his summer bride to the city from San Jose, California.

His sister Vicki a former class favorite, has already presented the couple with a wedding gift...a genuine barber's chair!

I can hardly wait to see the return of Casey's living quarters...when he was on the campus there was nothing else like it...and the barber's chair is good start on the furnishings.

Casey's address, by the way, is M.V. Casey AW2; B712285 Vp46; FPO San Francisco, California, 96601.

RECYCLE SOME OF THAT junk mail that comes in daily. One can weave equal strips (6 each way) into a hot pad for the table, or use longer ones for place mats. Larger mats may be woven and taken to picnic areas for seating.

Use the backs of letters as scratch pads by cutting them in fourths and stapling them together...leave one by each phone, one in the kitchen to write your grocery list on, and one at the desk.

PLACEMATS that hold memories can be made from the beautiful cards one receives at Christmas, on birthdays, Easter, etc. Simply cut poster board the size of a place mat, fit the cards onto the card then laminate or cover with clear Contac paper.

These are colorful at the dinner table and may be wiped off easily and used again and again.

Mrs. Merl Nelson of Claude has a lovely set of these.

A COFFEE FOR RHETT PLANK, candidate for Texas House of Representatives in the 65th district, was given in the country home of Mrs. and Mrs. John L. Plank Sunday afternoon.

Refreshments and decorations carried out the patriotic theme and featured a red, white, and blue motif.

Attending the coffee were friends and neighbors from the Bushland community in Potter and Randall Counties. Several out-of-town guests also attended. Darlene made red, white and blue cookies for the occasion. The recipe (named pastel cookies) is featured below and could be used for a shower, wedding, or tea.

Pastel Cookies

1 c. shortening
1 c. sugar
2 egg yolks
3¼ c. sifted cake flour
1 t. baking powder
¼ t. salt
6 T. milk
food coloring

Cream shortening and sugar thoroughly. Add egg yolks and beat well. Sift all dry ingredients together and add alternately with milk to the creamed mixture. This foundation makes either checkerboard, pinwheels, or ribbon cookies.

For ribbon cookies Darlene divided the recipe into three parts and colored one section red, another blue, and left one white. Roll out the doughs about 1/3 inch thick, cut in 2-inch strips and stack 2 inches high alternating colors. Trim sides, press together slightly, wrap in waxed paper and chill. Slice ¼ inch thick, arrange on a greased cookie sheet and bake at 375 degrees for 9 minutes. Makes about 50 cookies.

BONUS *Type-B*, Scotts weed-n-feed, is made especially for people who hate lawn weeds and love healthy, green grass. It's easy to use, nothing to mix, measure or spray. BONUS *Type-B* clears out most common non-grass weeds *roots and all.* Bonus also full-fertilizes your grass at the same time. Makes it grow greener, thicker, sturdier. Supplies plant-available iron too. The time to spread BONUS *Type-B* is now, while weeds are growing. Then sit back and enjoy a better lawn this year. *For use on all grasses except St. Augustine.*

Get some green back!
In your lawn—and in your pocket.

SUPER TURF BUILDER is the lawn food we recommend most for spring fertilizing. It releases its nutrients only as fast as the grass can use them. So there's no spindly surge growth to cause extra mowing and no wasteful leaching away of the nutrients. SUPER TURF BUILDER (with iron) produces a thicker, greener, sturdier lawn. Lasts longer too, because it's made by Scotts exclusive Polyform process.

There's just no need to live with crabgrass

All it takes is a single spreader application of Scotts HALTS. You spread it on your lawn now, before crabgrass sprouts, and it prevents the ugly stuff from showing its face this year. HALTS is not a control for established crabgrass, so spread it *now*—before it gets started this year.

Holiday Injuries Dog Walker ; Baileys Are Featured

BY VICKI HOOKER

SPRING HAS FINALLY SPRUNG and the time all the school kids have long awaited is here. Yes, the Easter holidays. A time when teachers and bus drivers can relax and parents get tense! The motorcycles buzz, the doors slam and refrigerators stay empty. Really this is putting it a bit harshly, because we know the kids deserve this break from school, and most mothers enjoy a change from the 7:30 to 4:30 five-day week. Here's hoping that all of you are enjoying and ready to return to school next week.
week.

Holidays are fine for most people, but something tells me Jamie Walker should scratch them off his calendar! During the Christmas holidays Jamie tried to tackle a telephone pole while playing football. The pole, being a very obstinate sort, attempted to knock Jamie's teeth out! With the help of a special diet and a mother's loving care, his mouth is almost back to normal again. But last Sunday with seven more days to go in the holiday break, he sprained his shoulder in a motorcycle accident. He and Rodney Thompson were riding at 34th and Osage when the accident occured. We hope you recover soon, Jamie, even though you can't ride.

Mr. and Mrs. John Thompson entertained guests over the weekend. Their daughter. Kay Scroggins, Husband Eddie and eight-year-old sons Mike and Mark arrived Friday from Seagraves. Paula Davidson, their other daughter, her husband, Ralph, and two sons from Amarillo joined them at the Thompson's. Besides visiting and card playing, the three families spent much of their time with Faye Newberry, John's sister, who is in High Plains Baptist Hospital in Amarillo. Seems as though that family has had more than its share of sickness. We certainly hope that John's sister recovers soon, and that everyone remains well for a long time.

Buster and Marcella Carlile will be welcoming a new member to the family in June. You guessed it! Jerry is planning to be married to Cindy Schrib on the 17th of June. The two have been going together for some time, but have not made wedding plans until now because of Jerry's standing in the draft. He was supposed to have gone in January, but he was notified by the Air Force that there were no openings in the medical assistance school. Just recently he was instructed to join the Air Force reserves since there will not be any openings in the school until July 20th. Jerry had already paid for the rings and Cindy had already bought her dress, so they decided to go ahead and make wedding plans. Congratulations to the happy couple, and to the in-laws-to-be!

Randy Carthel scrambled past many professionals on his 125 Penton in Lubbock last Saturday night to place sixth in the main event. This may not sound like a very good showing to some of you, but Randy's bike was one of the smaller ones in the race, and the Lubbock track, which has longer straight-aways than the Amarillo track, gives the bigger bikes an advantage. So really, Randy did very well and we're proud of him.

Randy was accompanied by girlfriend, Mara Campbell, Jamie, his mother, Roberta, and grandparents, Jack and Irene Parker who are also of the Palisades. Jack and Irene are big racing fans and try to follow Randy to each race. They know the rules and can tell you who is and who's not racing fairly. I asked Irene is she wasn't afriad of watching Randy get hurt and she said, I don't worry about him as long as he's racing. It's just when he gets down here (Palisades) that I worry!" But Randy doesn't have much time for riding at home anymore. Between school, working, and racing, he's a pretty busy fella!

Featured this week are Dan and Carolyn Bailey and son Brent. The Bailey s have lived in the Palisades for one year. They are both Natives of Amarillo and spent the first two years of their three years of marriage in Los Angeles. As Dan said, "It was terrible!" The earthquakes were the main reason they moved back.

Dan, who is treasurer on our board, works for Furr Food, and Carolyn is employed by the Amarillo National Bank. They attend the Congregational Methodist Church in Amarillo. As you may or may not know, Carolyn is the daughter of Mr. and Mrs. Garland Turner, who also resides in the Pailsades, and, also she is the sister of Judy Webb.

Speaking of that family, we'd like to congratulate Sheree Turner, also Carolyn Bailey's sister, who won 1st place in the 660 yard dash last Friday in Panhandle. In the finals on Saturday she won third place in the same event. The seventh grade at Canyon Jr. High won the trophy. Good work girls!

A warm welcome to Eddie and Helen Jeffers who moved here last weekend. The Jefferses had lived in Amarillo since last summer, but are originally from Claude. They have two children at home; Glenda, 16; and Eddie, Jr., 13, and a married daughter, Linda Odom in Amarillo. She and husband Tim are newlyweds being married since the 17 of this month. Linda is studying nursing at AC and Tim is in pre-vet.

Eddie works for Pantex and enjoys riding his 450 Honda. Eddie Jr. and Glenda ride a 100 Yamaha, so it looks as if the Jefferses are going to fit right in with the Palisades motorcyclists. Again, welcome to the Jefferses, and we hope they enjoy their home in the Palisaes.

Just one other thing I'd like to mention. The Big Brother's organization in Amarillo is in the process of forming an auxiliary to aid them in fund raising, forming group activities for the big and little brothers, and in any other way possible. The program is really snowballing, and they need your help. This will not be a tightly knit auxiliary, one in which each member would have set hours to work. Rather it will be one in which one works when needed.

Don Pipes, director of the organization, hopes to expand the program to Canyon soon if funds are available. He also hopes to expand the auxiliary into a Big Sister's program sometime this summer, depending on the responses. If you feel you could help in this very worthy cause, please call me at 622-1439, or Don Pipes at 373-8181. You help will be appreciated.

Happy belated birthday to Kathy Webb on the 27th and Happy Anniversary to Mrs. and Mr. George T. McHaga on the 31st.

Don't forget the Home Demonstration Club meeting April 6, 12:00, at Ginger Hooker's 4220 W. 15th in Amarillo.

Hope everyone has a Happy Easter and a safe trip.

Champion cookie-salesmen for the Girl Scouts are, front row, l. to r., Sandy Warwick, who sold 102 boxes, Cindy Todd, 125, Traci Bufkin, 100, back, l., Cindy Dugan, 104, Robin Burt 108.

Funeral Held For Resident

Graveside funeral services for Mrs. Margaret R. Ziegler, 85, former Canyon woman, were held at 11 a.m. Tuesday in Dreamland Cemetery. Officiating was the Rev. Bill Webb, director of the Baptist Student Center, Canyon.

Mrs. Ziegler had lived in Canyon until 12 years ago, when she moved to Dallas. Funeral services in Dallas were conducted Monday.

She was born in Jackson County Texas. Her husband, T.W. Ziegler, died in 1958. She was a member of the First Baptist Church of Dallas, the Eastern Star, and the Daughters of the American Republic (D.A.R.).

Surviving her are three sons, Thomas E. Ziegler of Brownsville, Robert M. of Dallas and Joe R. of Houston; one daughter, Mrs. C.E. Nance of Dallas; one sister, Mrs. Edna Riggs of Jacksboro; one brother, Guy Roland Ziegler of Garland.

Seven Attend Theatre Meet

Attending the annual conference of the U. S. Institute for Theater Technology in San Francisco this week are James Kemmerling, Bill Anderson, Jerry Moore, Debbie Canterberry, Vicki McCormick, Darla Rhodes, and Sandie Sage, all from West Texas State University. The group expects to return Friday.

Auction Set For April 22

An auction to dispose of surplus county equipment has been set for 10 a.m. April 22 at the Randall County Barn.

Randall County commissioners approved Monday a list of items to be sold including a tractor, trailers, snow plows, safes, a 10 by 20 foot sheet iron building, a roll-top desk, antique light fixtures and jury chairs.

Judge W.A. (Bill) Wilson will be the auctioneer.

Sheriff L.S. (Slim) Johnston met with the court to discuss needs for cars and an air-conditioning unit for the sheriff's office.

The commissioners approved the advertisement for bids for three cars and two five-ton air-conditioning units. The court also approved the purchase of one FBI Crime Scene Investigating Kit at a cost to the county of $37.50. The kits are available through the Criminal Justice Council of the Panhandle Regional Planning Commission.

The Court authorized county clerk LeRoy Hutton to hire a clerk for his office to take care of absentee voting for the primary election.

The court also discussed other needs for supplies for the primary. Hutton said personal appearance absentee voting for the primary election will begin April 17 and his office will begin mailing out ballots April 5.

The court authorized the hiring of Miss Ellie Howard, a work-study student from West Texas State Univedersity, as clerk in the juvenille probation office at a salary of 48 cents an hour.

Mrs. David LaBrie, right, admires a navy dotted Swiss dress with knife-pleated skirt and white collar, cuffs, and belt, shown at the Wives, Etc. fashion show recently. White & Kirk displayed the spring clothes.

Make Family Want To Eat Vegetables

BY BECKY HALL

In cooking vegetables, the first consideration is to make them look and taste so good that they will be eaten willingly. The second objective is to cook them so as to conserve as much as possible of the food value of the raw product. To accomplish both these ends, it is necessary to know how the cooking process affects palatability and food value.

Retaining the Color in Cooking Vegetables —

People generally like vegetables that have been cooked just long enough to be tender, and to have a good color, and delicate flavor. Color in vegetables is affected by many things: the nature of the coloring matter itself, the hardness of the cooking water, the presence in the water of minerals such as iron, and the method of cooking. Yellow vegetables keep their color as long as they are not overcooked. White vegetables become dark if they are overcooked, especially in water that contains iron. Red vegetables keep their color best in the presence of acid. If beets and red cabbage have to be cooked in hard water, it is a good idea to add a little vinegar to the water. Green vegetables cooked in hard water keep their color better than those cooked in soft water.

Cooking With The Cover On or Off —

Cooking vegetables in a covered pan has many advantages. Less water can be used without danger of burning as the water evaporates. Less fuel is required because the steam returns to the water and it takes less cooking time. Even so, many people still prefer strong flavored vegetables cooked in an uncovered pan such as cabbage, onions and members of the turnip family. The reason for this is the strong flavor substances pass off in the steam if they are uncovered.

Cooking Vegetables For Food Value —

Cooking tends to diminish the food value of vegetables in two ways. Certain vitamins are at least partially destroyed by heat, especially in the presence of air. Some vitamins and most mineral salts are soluble in water and to pass from the vegetable to the cooking water. Both types of losses are kept at a minimum by proper cooking. Observing the following rules will conserve vegetable food values:

(1) Baking, steaming, panning and cooking in the skins help to retain food values. Use these methods frequently for vegetables for which they are suitable.

(2) In cooking vegetables in water, have the water boiling when the vegetables are added.

(3) Cook vegetables in the smallest quanity of water that will produce results.

(4) Avoid cutting vegetables in small pieces before cooking as more minerals and vitamins are dissolved in the cooking water.

(5) Whenever possible use the water in which vegetables have been cooked.

(6) Whatever the method, cook the vegetables only until tender.

(7) Serve the vegetables as soon as possible after they have been cooked.

Making Vegetables Interesting —

Proper cooking of vegetables is the first step toward making them interesting; attractive service is a no less important second step. Some suggestions to follow in serving vegetables are:

(1) Reduce the water by concentrating or draining.

(2) Season thoughtfully. Allow at least one teaspoon of butter or one tablespoon of cream or sauce for each serving. If possible, taste critically before sending to the table.

(3) Avoid sterotyped combinations.

(4) Vary the form of serving the most common vegetables. Every cook should be familiar with at least a dozen potato dishes. When tomatoes are low in cost, they may be baked, grilled, stuffed, scalloped, or combined with the main dish.

For recipe suggestions on cooking vegetables, call 655-3341 or come by the Extension office on the first floor of the Courthouse and ask for the Vegetable Bulletin B-923.

Mrs. Lovelady Disassembles House

BY PAULINE HEFLEY

ON FRIDAY LAST, Ron Smith, son of the Chet Smiths on Arden Road took Donna Reed of Erik, Okla., to be his lovely wedded wife. We wish them all the happiness in the world and Papa Smith jokingly says he is happy he is gone.

BOY, THAT MRS. Harold (Eva) Lovelady on Beacon Road is as industrious as a lil ant. Have you noticed lately that she has almost completed her project of disassembling that house on Western Street?

WELCOME HOME TO Andy Hanson on Euclid, from the Air Force Academy in Colorado.

RAN INTO THAT MRS. Jim (Mary Jo) Smith who interrupted her tenure of service on the faculty at Gene Howe to increase her family. She looked great and said Babysnooks "Nikki Jo" was really growing. By the bye, understand Mrs. S. is wanting to resume her teaching career (hopefully at Gene Howe).

AND, LET'S KEEP YOU current on our fearless leader, Luther B. Lawless. Word comes to me that he is recovering from his surgery down at his folks, feeling real good, and the operation is a real success (could it have been a hair transplant on top of his wee little head?) Seriously, we are glad he is doing fine and look forward to his return as king of the hill.

A GOOD LUCK WISH TO Johnny Dodson who is now doing his basic training in the Navy in San Diego, California.

OUR BEST WISHES TO Mrs. Dale (Darlene) McBee and Mrs. Raymond (Gloria) Rawls who have entered into a joint venture. It is a beauty salon and goes under the name of Darlene's Beauty Salon at 4806 Camp Lane. Just call 355-5028 or 352-3339 for an appointment.

THAT MRS. DANNY (Nancy) Piercy was by the schoolhouse on the hill recently with her little baby bunting (boy type) for a brief visit.

WELCOME TO THEIR NEW place of abode on Chapman Road to Shelby and Glenda Weatherford who are the houseparents at the second cottage of the High Plains Children's Home. Understand they already have about ten kiddoes including their own two, Tres and Stephanie. A warm welcome to the whole group.

SPEAKING OF HIGH Plains, we missed several who had birthdays this month, and they were Tommy Cook, Becky Adams, Donald Wayne Pace, and Barbara Pierce.

YA'LL CAN GET A GRAND tour of the new facility at High Plains on Mother's Day when they have open house, more on this later.

HAVE TO SIGN OFF FOR now. There is a most important event transpiring this Saturday — would you believe the School Board election. I know a red head who would surely appreciate your vote, can't imagine who she might be. Thanks...pmh

NOW ALL YA'LL GET IN touch and let me know who came to visit ya and where you went during the holidays...376-9853 or 352-2089. Borrowed: "Too much of the world is run on the theory that you don't need road manners if you drive a five-ton truck."......pmh

Office Group Hears Banker

Cornell Huddleston, vice-president of West Texas State Bank, spoke to the Office Education Association at Canyon High School Tuesday evening. He stressed enthusiasm in one's work.

Recognized

Miss Beatrice Lewis Thompson, daughter of Dr. and Mrs. Dudley Moore, Jr., 11 Southridge Dr., was one of the honor roll seniors from Meadows School of the Arts at Southern Methodist University, Dallas, recognized at the Honors Day Convocation on Campus March 22.

Jewelry Styles Are Discussed

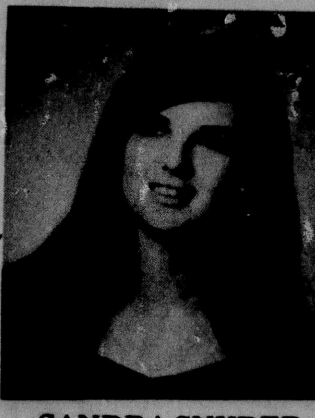
A discussion of current styles and suggestions on choosing costume jewelry to dramatize one's coloring was given for the Highland Home Demonstration Club recently in the home of Mrs. Ervin Podzemny. The speaker was Mrs. Becky Hall, county home demonstration agent.

Miss Nell Rensler, home demonstration agent from Stratford, was a special guest.

The club will have its next meeting April 12 in the home of Mrs. L. C. Robinson.

Those present were Mesdames Jimmie Janssen, James Lamb, Clarence Howard, C.R. Howard, Jones Hales, Bernard Grabber, Boyd Elliott, and Podzemny.

Miss Snyder To Head Panhellenic Council



SANDRA SNYDER

Sandra Snyder, member of Zeta Tau Alpha fraternity at West Texas State University, was installed as President of the WTSU Panhellenic Council, Mar. 14. Other officers installed were: Carol Autry, Vice President, Alpha Delta Pi; Linda Nelson, Secretary, Chi Omega; and Sandy Hulen, Treasurer, Delta Zeta. The Panhellenic Council represents all the national social fraternities for girls on campus. As president, Sandra attended a National Panhellenic Conference in Alabamba last week-end.

DON'T TAKE YOUR
EYES FOR GRANTED

There is much more to good vision than people realize. Better vision can mean greater ability in every aspect of life. Although under normal circumstances your eyes will serve you as long as you live, it is important that you protect them with proper care.

Periodic check-ups are a necessity whether you wear classes or not. Avoid strain by having the proper glasses (if you need them). Use proper lighting when reading, working or watching TV. Protect your eyes against glare. Rest them when they are tired. Sometimes a soothing eyewash or eye-drops can be helpful. We carry many of them in our pharmacy.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

PD Officers Complete Training

Two Canyon Police officers have graduated from a five-week course in basic police training at the Amarillo Police Academy, located at Amarillo College.

They are patrolmen Werner Talley and Tommy Sanford both of whom successfully logged 200 hours of training which will lead to their certification as peace officers by the State, following one year terms of duty with the Canyon force.

Both officers scored high grades in the training school according to Al Stewart, police chief. Talley, 28, is a former Amarillo man, and Sanford, 25, is a Canyon native. Talley joined the Canyon Police Jan. 1 of this year, and Sanford, Jan. 31.

Stewart this week commended both officers, noting that other officers are and will be engaged in other school activities.

Patrolmen Zeke Clement and George Greiner last week completed the initial phase of an advanced traffic school at Amarillo College. The officers completed one week's work, and will undergo two more weeks of similar instruction soon.

Those officers received, during the initial phase of training, instruction in basic police traffic law enforcement, Chief Stewart noted.

In addition, Canyon Patrolman Jack Magee Tuesday and Wednesday of this week attended an advanced in state liquor law at the college. Other two-day periods of instruction are scheduled at later dates.

Chief Stewart said continual education is an important facet of Canyon Police policy. He said, "I want the Canyon P.D. to a be a professional agency, and to accomplish that, our men must be trained."

Tulsa Whips Buffs

The University of Tulsa halted West Texas State's hot bats in a pair of games in the Golden Hurricane Review, which is being played in Tulsa, Okla.

The Buffaloes of coach Bob Sloan got only two hits Saturday night as Tulsa shutout West Texas, 4-0. West Texas came back Sunday for more hits, but lost 8-4 in 10 innings to last year's third place team in the NAIA National Tournament, Southwestern, Okla.

In a Monday night game the Buffs were no-hit and the opponent was again Tulsa. The Buffs fell, 2-0, in that contest.

West Texas was to have played Arkansas at 5 p.m. Tuesday, but that game was rained out and was slated to be played late Wednesday.

The Buffaloes were slated to play eight games in the Hurricane Review, which ends Saturday. No winner will be determined from the event, but the ideas was just to get collegiate teams together during the spring break for a great deal of baseball.

I NOTICED SUNDAY afternoon during that terrible sandstorm that the wind blew a couple of riders off their cycle and then blew the cycle down. Wonder who they were???

TO THE FAMILY OF Mr. John Cook:

To know the rose
Is to know God,
To know the faded rose will bud again
Is to know Eternity...

Our sincere sympathy to you.

Neighbors Brace For Cold Spell

By TOOTIE BYBEE

HELLO once again from out here. Well, we were all in the mood for Spring but it looks like it just might be cold for a little spell. Mother always used to call it the last big Easter freeze, and it seems we always get a cold spell around Easter every year. This week of school being out has sent all our friends and neighbors off in a variety of directions. So, what little news I have been able to glean this week is this: (When everyone gets back we should have a whopper).

LYNN LAIRD was one of the speakers last Saturday morning for the Tierra Blanca Chapter—Canyon, of the National Secretaries Association. The fourth annual seminar for secretaries was held in Canyon at the Community Center. The overall theme of the seminar was "Put It All Together". Lynn spoke on "Physical Fitness-Exercise for Energy". I was so very happy to hear this, as Lynn does just a whole lot of traveling with the different teams at WT and a lot of speaking, and I just know there is something he could contribute to a lot of programs.

CRISTIE JONES was off to a good time this past weekend. She left at noon with the Missionette group from her church to go to a retreat at Lubbock. Her church association has purchased a college campus no longer in use and they had the use of all sorts of equipment and took part in just a great many activities. She had a real great time.

MEANWHILE, her elder brother, Gregg tried a little "wilderness" type camping at Palo Duro Canyon with a friend, Vaughn Dudley. They went down Friday and came in Monday. Said the little tent was just pretty air proof, but it sure helped if you didn't breath??

MIKE TOW and dad, I.J. went to Post Friday night and camped out and then took part in the big Endure Motorcross races. Said neither one of them placed high enough for a trophy but both had such a good time together. They took along cousin Marvin Carr from Amarillo, who also raced. One of them did report that he was just a little sore: I won't say which one as I don't want him to feel old.

THE TA-WA-SI Camp Fire Girls of Mescalero Park just did their moms up proud last Tuesday afternoon. After school they all met at DeAnn Cooper's home and prepared a whole dinner alone for their Moms. Their Fearless Leader only guided them with very few things and the dinner was just great, It was a Mexican food menu and theme. They had Taco Casserole, sopaipillas and the whole works. It was delicious. Those attending were: DeAnn Cooper and daughter, Traca Ann, Ann Tow and daughter, Kay Shirley Jones and daughter, Cristie, Barbara Evans and daughter, Glenna, and Tootie Bybee and No. 1 daughter, Leslie.

THE SWEET little Blue Birds met at the Gil Gillis home for a party. It was a St. Pat theme, and my daughter Lenise loved the chocolate cupcakes with chocolate icing as she is allergic to chocolate and has to get away to have any, and I guess she must have had her share!! They presented Mrs. Whitehead, their leader, with a extra large "Happy Face" candle to show their love for her for being their leader three wonderful years. All our little Blue Birds will soon be Camp Fire girls, when fly-up time comes around. We all thank Michal so very much for being such a good and faithful leader of these little ones. Always so sweet and patient and so important, always there when they needed her. Thank you Mike.

THE LADIES Thursday Club (LTC) met in my home this week and we all just had a great time together. We decided on a few plans for next September and just had a real great time together. Everyone was served a delicious Weight Watchers meal as that's all I could have, and that's all they were going to eat in front of me!!

HEAR THAT THE Rogerses were real pleased with their house guest this past week. Oldest son David and wife and little one were down for a visit. David just returned from a tour of duty in Viet Nam. Glad to see you back David and Good Luck to you and your precious family.

THOSE JR. HI. choirs sure did all right for themselves at contest this past week. Several of our kiddoes sing in the choirs, and we are all real proud of the work that went into preparing for this contest.

THE LITTLE'UN from Gene Howe really seemed to enjoy the Easter egg hunt this Friday at the park. I know that those third graders really had a ball and a few eggs also.

HOW ABOUT those Camp Fire Girls getting an Honorable Mention at the "Tables Elegante" program. With all those lovely tables and such stiff competition, it is so gratifing to know those little 6th graders could plan and set a table that would still get Honorable Mention. Everything on their table was recycable. Newspaper table mats, coke bottle name plates, and everything was just darling. The theme, naturally was, "Give the world a Happy Face-Recycle." Congratulations to you girls.

WELL, THE little fire scare of this past week sure made us all do a little thinking along this line of just about hopeless in our home would actually be. I don't know about you, but as for me, I don't think a volunteer type of fire dept. here is a bad idea. Someone mentioned that the ladies would have to be the ones to be trained to run the thing. Do you think if you were standing watching your home burn you would care if you were male or female, if you had the equipment to put it out? Women's Lib or no, I would probably personally drown my home and any one hear enough to get in the way. Like I say, it is sure food for a lot of thought, hope we all don't think too long and it's too late for our friends or neighbors or OURSELVES. The thought leaves me totally and completely frightened.

I HAVE SEEN every ingenious device used to save fruit in this area from frost, but I saw a new one last night. I must say it was the loviest I have ever seen. The Halls took their Christmas tree light and strung them through the trees and covered them with a big balloon of plastic and turned the lights on. It was Christmas in March and was so pretty with the red lights shining in the darkness. For that they deserve to save every little bit of fruit on the trees, and hope they do. But wasn't it clever!!!

WANTED TO SAY A little goodbye to our neighbors, the Moses family, who moved this week around the Gene Howe school. An especially "good" goodbye to Melinda and Mitch, whom we will miss riding their bikes up and down the roads and seeing them popping up over the top of the fence as they jump on their trampoline. Just know they will be real happy in their new home.

MRS. BOREN CALLED ME Sunday night to affirm that the children were really out for a whole week. She said she she was about ready to make Matt go to school as she couldn't believe they were out for a week. Well, they are and I've seen a batch of them having a good time running around the neighborhood. So, have a good time kids, Monday is four days away.

SORRY I DON'T HAVE A featured family this week. Everyone was either leaving or preparing to do so, and I have also been busy, so we will have one next week as per usual. Hope each of you have a very blessed Easter and may the Lord bless you all.

ONE MORE THING: To Lynn Laird: Would you please hurry with the front of your yard we are all so very anxious to see what it will look like. It really looks interesting and I know it will be real lovely.

Church Takes Option On Block

The congregation of First Presbyterian Church has taken a six-month option to purchase the block between 9th and 10th Avenues and 18th and 19th Streets.

The property would be used as a site for the church's projected new building.

Architects are to present preliminary drawings to the members on June 1.

Equipped with rabbit radar, children from Town and Country Kindergarten search for eggs. Left to right are Kim Tillinghast, the daughter of Mr. and Mrs. Jack Tillinghast; Eric McGregor, the son of Mr. and Mrs. Roy McGregor; Wade Elliott, the son of Mr. and Mrs. Stan Elliott; Paula Morris the daughter of Mr. and Mrs. Howard Morris, and Lea Ann Bigson, the daughter of Mr. and Mrs. Ray Gibson.

Candidate Hits James

Nolan Robnett, candidate for the post of State Treasurer in the upcoming Democratic primary elections, Monday blasted Jesse James "because of his many connections with Frank Sharp."

Robnett made his statements during a short visit in Canyon as he conducted a quick campaign swing through the Panhandle.

The candidate, native of Lubbock who now resides in Austin, charged that: "The public has lost confidence in the State Treasurer because of his connections with Sharp." Too, he said, "Mr. James passed full retirement age three years ago and I think the Texans would be doing themselves a favor to retire him, as he would draw better than $1,000 a month in state retirement (funds).

He said further he is basing his campaign also on the premise that "modernization" must be brought to the state office through elimination of "antiquated methods. Virtually all modern businesses have incorporated sophisticated money management techniques that prevent the loss of any interest where large sums of money are concerned, such as funds in the state treasury."

His professional affiliations include licenses by the National Association of Securities Dealers, Texas Securities Commission and New York Stock Exchange.

He said he recently left the investment business on a leave of absence to "help pioneer the State Program on Drug Abuse."

"I feel like with my backgound in investments and my management degree—and my work in the organizational end of the state program on drug abuse—that I am capable of upgrading the office just as it needs to be done."

The candidate is a graduate of Texas Tech University, Lubbock, where he took a major course of study in personnel management.

Future Farmers Hosts Fathers

Happy Chapter of Future Farmers of America held its annual parents and sons banquet Monday night in the High School Cafeteria. Terry Stevens gave the invocation. A delicious meal of roast beef was served. The boys introduced their parents as the roll was called. Walter Stubblefield, secretary, then introduced the special guests of the evening. Bill Pearson, president, welcomed everyone and thanked the F.H.A. Girls who served the banquet and who also printed their programs. He thanked the ladies who prepared the food for us. These were Burnett Johnson, Alice Penn, Mrs. Oler, and Roberta Cox. They do prepare good food and the best hot rolls you've ever tasted. Sharon Dietz, FHA president, responded to the welcome. Walter Stubblefield introduced the speaker, Brian Hall, Area Vice President of District 1. Brian is a senior student at Dalhart High and an outstanding young man. He talked about the paradoxes of the times and urged the young men of tomorrow to go forward, that the future lay in their hands. Future Farmers of America is a national organization and Texas has 54,000 members.

BILL PEARSON presented Marilyn Venhaus, chapter Sweetheart, an FFA jacket and bouquet of red roses. He then introduced Pam Shipman and presented her a corsage. Pam is the runner-up. Chapter Farmer Pins were presented all second year FFA boys and Greenhand Pins were presented all the freshman boys. "The Greenhand choir" led by Freddy Briscoe then sang the FFA song as a special accompanied by Karen Hinton on the piano. Ricky Hawthorne gave the chapter accomplishments. They participated in five main Livestock shows. The judging team was Chris and Bill Pearson, Jim Whitlow, Wendy Sims and Mark Hargraves. Then the old officers installed the new ones: Bill Pearson installed Stuart Tackitt as president; Jim Whitlow installed Wendy Sims as Vice President; Walter Stubblefield, Mark Hargrave as secretary; Steve Cole, Chris Pearson as Treasurer; Ricky Hawthorne, Jim Hand as Reporter; Rick Spear, Don Lee as Sentinel; Billy Dale Andrews, Kevin Donnell as parliamentarian; Terry Stevens, Mike Sims as Chaplain, and Mike Sims as Chaplain, and Lee Moore is still advisor. Approximately fifty members, eighty parents and fifty-six special guests attended the banquet. (Some of these boys share parents, you know.)

Chris Bradley won Reserve Champion of the Gruver Fat Stock show with a gilt; reserve champion of the cross breed division with a barrow; and the Husbandman award from the Farm Bureau. Price and Hattie Bradley spent Sunday through Tuesday in Gruver so that they could attend the show.

THE YOUTH of the First Baptist Church had charge of the services Wednesday evening of last week and last Sunday. Many participated and they did a fine job. I especially enjoyed the youth choir's special, "And You'll Know We Are Christians By Our Love" and the duet, "My Task," on the organ and piano by Barbara Dowd and Sandy Railsback. This was during the offeratory. Sunday evening, a special group, "The Youngbloods," came down and gave their testimony both in song and in words. The young people also had fellowship after church and were joined by many young visitors of the community for all the entertainment and refreshments.

OUR ANGELIQUE is pleased with herself this week. She and Kathy Flowers received three month pins Sunday morning in Sunday School for perfect quarterly attendance. Angelique also won a button for memory work. But if you've seen her this week she has already told you about it.

HAPPY HAD a grass fire just south of town Sunday. The wind was blowing so badly, I shuddered to hear the fire whislle.

ABOUT ELEVEN participated in baptismal services in the Methodist Church Sunday morning and many visitors were on hand for the occasion. Nancy and Walker Parker had a pre-Easter and birthday dinner for Nancy's parents, Mr. and Mrs. Wesley Woods, of Canyon, and Mrs. Imogene Parker and Mrs. Verla Doagrty of Adrian and Valerie Johnson of Amarillo. Brother and Mrs. Stewart were also present and knew Mr. and Mrs. Woods when they lived at Groom, so they really enjoyed the visit. Methodists had a covered dish luncheon on Palm Sunday night at 6:30. They will have pre-Easter services at 7:30 on Wednesday, Thursday, and Friday evenings as the Methodist Church. They invite you to attend.

OMA HAYES, (Mother) returned Saturday from a three week stay in Bunkie, Louisiana, where she visited her Aunt, Flera Crow. Aunt Flera was Grandad Pair's sister. Mr. and Mrs. Ray Hunter formerly of Amarillo and now of Alexander came and took her to their home for a week-end. She saw the Mississippi River and more rivers, the towboats, the old mansions, and plantations, the Natchez-Vidalia Bridge, (8,135 foot-long cantilever-type bridge), and many sites of frontier battles, one where the "river rats" tried to take Natchez. I think she had a chamber of commerce guide.

GENE SHIPMAN was honored with a birthday dinner at his parents, Inez and Hollis Shipman. Jerry and Lillie Shipman of Hereford, Nan Earl Geauthrea and Patricia, Tanya and Jerry Doyle, and Gracie and Frank Tirey and Mother Dutch also helped celebrate. The birthday cards were hilarious and some were "Padded" with green. I don't know how old Gene is, but he is old enough to vote and

MILDRED DEVIN, Jo Ellen Harvey and Mickey Thornton of Tulia hostessed a pink and blue shower for Pat (Mrs. Melton) Shaeffer at Mildred Devin's home on Friday night. Anderson and Carol, Earlene Thornton, Claudette Ferguson, Opal Legerwood, from Tulia, Evelyn and Janice Shipman, Mrs. E. W. FUTURE HOMEMAKERS OF AMERICA observed FHA Week all last week and planted a rose bush at school for beautification. Sunday they had a rose in each church. Monday was Tag Day and each FHS girl was presented an emblematic tag to wear; Tuesday was Patriotic Day; Wednesday was Big Brother Day and they walked the boys to classes and gave them cookies; Thursday was Senior Breakfast and they had breakfast in the school cafeteria t 7 that morning together with a program, and Friday was Beautification Day. On Wednesday afternoon the FHA Girls and Karleen Moore, their sponsor, gave a Teacher's Appreciation Tea on the Homemaking Department at school. The table was covered with a beige linen cloth and adorned with a centerpiece of yellow forsythia and daffodils. Sharon Dietz, Anita Schoenenberger, Deborah McDonald, Vicki Wilson, Becky Via and Kay Sheets served punch and cookies and presented an apple to Mrs. Mary McBroom, Vivian Wesley, Fern Spear, Mrs. Williams, Mrs. Carver, Mrs. Jimmy Pride, Alvin Moudy, Lee Moore, Jane Forsyth, Sibly Gill, Gayle Null, Mrs. Bryan, Sherry Walker, Mrs. Sheets, Wanda Winn, Coach Criswell, Coack Weeks, Coach Lee, Sherry McDowell, Lonas Wright, Linda Waldrip, Sandy Morgan and visitors, Della Venhaus, Anna Bee Robinson and me. I left at 3 and probably there were other teachers who came up after that. FHA girls also taught the classes for these teachers to enable them to attend the tea. Very well planned. I saw Rhonda when I went back to give Angelique her Easter Basket and I asked her what she was teaching. She said, "Play ground."

BROTHER PAUL Heil picked the G. A.'s and R.A.'s up on the church bus at school and took them to the church for their mid-week meetings. This caused quite a lot of excitement. From the church, the first, second, and third grade children went to Kay Kennedy's home to hunt eggs. Everyone's name was on an egg. Kelly Weavers and Kay served cookies and kool-aid to Angelique, Tonya Geautheraux, Angela and Molly Parker, Cary Greenfield, Shann McCarley, Kathy Flowers, Brenda Sanders and Vicki Jones. Angelique said, "It's fun at Kay's house."

THE YOUNGER SET Shawn Heil, Mandi Shipman, Jay Wade Johnson, Byron Flowers, Vicki Todd, Kelly McDonald, Teffany and Randy Kennedy, Shelley Greenfield, Bill McCarley Trisha Hargrave and Jerry Doyle Geauthreax hunted Easter Eggs at Sharon McCarley's home. Judy Shipman helped with group.

THE LAD R.A.'s hunted eggs in the Park. Willie Butler, Joyce Railsback and Camma Lou Tackitt hid them and Anna Mae McManigal awarded a prize to J. D. Phillips and David Walker. Rod Walker found the "King's Nest". Sherry Walker served soft drinks and peanuts to Rod, David, and Chuck Walker, Kevin and Kyle Odom, Scott Railsback, Mark Tackitt, Greg Hampton, Dale Eades, Marcus and Joe Sanders, David Martin, Montie Johnson, J. D. Phillips, Jerry Sims, and Bill Walker.

LANELL TODD, Frances Flowers, Sheri Henry, Debra McDonald, Pat Geautheaux, Star Turner, Tammy Nations and Megayla Thornton, visited Kate McManigal and took her red rose last Wednesday. Sheri and Debra read a poem. Kate has her daughter Janie Hart form Okeene, Oklahoma, with her this week. Janie will return home Thursday. The Jim McManigals will spend that night with Hanie and Travis on their way home for the Easter holidays.

LINDA LEWIS was honored with a bridal shower at the Methodist parsonage last week. Linda, and her mother, Sue Lewis and grandmother, Mrs. Dema Cato greeted guests. Kathy Holland and Janice Shipman served cake and punch from a very pretty table on which was centered a bouquet of freshspring flowers, Mary Jane Miller made the arrangement. Linda Swanson and Glenda Dempsey registered guests. There were fourteen hostesses and about fifty persons attended and sent gifts.

THE UNION-SALEM Home Demonstration Club were guests of Vigo Home Demonstration Club at Vigo last Thursday. The Home Economists from Plainview gave a program on small kitchen appliances. Mrs. Murphy served refreshments to Linda McDonald, Betty Tipps, Delia Langston, Kay Crooks, Genevie Nobile, Mary McCaslin, Lois Campbell, Pearl Bishop, Betty Womack, Mrs. Gardner, Mrs. Castleberry, Mrs. Leo Gardner, Mrs. Bullock, Hazel Jennings, Letty Arnold, Pat McWaters, and Mrs. Gary Gardner.

LAVENNA JACKSON spoke to the business class of Mrs. McDowell's last Thursday morning, about income tax. I'd know it was interesting and LaVenna is good on that subject. She has her own office at home and recently got it decorated and finished.

ALL OUR KIDS who are involved in sports went numerous directions over the week-end. Coach Lee and Coach Criswell took Ricky Hawthorne Stuart Tackitt, Steve Cole, Chris Pearson, Mark Hargrave, Greg Looney, Teddy Offield and manager Jerry House to San Angelo to a track meet. They got some good experience. Sherry and Lance Criswell enjoyed the trip. They got to go and see her folks during the trip.

OUR SYMPATHY to the family of Maude Evans. Charles, Carl, Billy K. and Pete will miss her and so will a lot of us. She was such a pleasant person.

MRS. J.J. Lane is still doing nicely in the Saint Anthony's hospital, but she will be there for a while yet.

COPUS BOYD is home again and this time we hope it is possible for him to stay. We wish him the best.

They just barely beat Connie Johnson, Sara Tiry, Ora Mary Sims, Sherry Walker, Tanya McCarley, Mary Wilhelm, and Eddie Cope for that title. Saturday night after the tournament. Reggie Johnson handed out the trophies and they were very pretty. The only competition he had for being heard came from his own daughter and it was very funny. George Tirey had kept score and several of those firemen judged fair and foul balls. The real referee was from out of town. The teams were more closely matched this year than any so far and that is what makes it a good tournament. You have to live in the Happy trade area to enter and everyone knows everyone.

TWENTY NINE of the fifty four contestants at the 4-H County Food Show in Tulia were from the Happy 4-H. FOWLER MCMANIGAL has donated a 25,000 pound piece of white marble and had it moved to Happy from San Saba, for a monument to the W. W. and J. H. Stephenson families for having donated the Happy Park to the city many years ago. Bill Andrews and Si Williott were there last week scrubbing it as Si said, "with Lux and Deluxe" and whatever to prepare it for the finishing touches. There will be a curb base and letters mounted on the stone. It will be nice to get it finished.

Punch, chips and dips and fondue were served to about twenty-four couples. Jean McDonald hosted the Woman's Study Club last week. WHEN THE HAPPY Artist Club met this month at Curley's studio, Sylvia Burch of Six Gun City presented an interesting sculpting demonstration, a head of clay. She also brought several wood carvings that she had done and explained this procedure. Sylvia prefers red wood for carving. She studied at Amarillo College and West Texas State University. She is the mother of three children. One, Dan is a student at Canyon.

THE SUNNYHILL HOME Demonstration Club is looking forward to a book review of "Rim to Rim" by Mrs. E. Hamblen. We have invited the Pleasantview to be our special guests on Thursday, April 6, at 9:30 a.m. and we invite you if you'd like to attend. It will be in my home.

DELLA AND BOB Henry held a coffee for Graham Purcell on Friday night and the house was full. Many local candidates were also there as were interested parties. Lewis Stephenson and Mike Harris were there with Congressman Purcell. He spoke of his first trip to Washington and of the workings of his committee and plans being made. And of course, he asked for everyone's support. It was a warm informal atmosphere. Bob said that he had invited his opponents to come and he just couldn't believe that none of them showed up. We enjoyed visiting.

Three From Canyon Explain Opportunity Plan Program

Three Canyon persons appeared on a special Opportunity Plan, Inc. program at Friona High School last Thursday.

Dr. James P. Cornette, West Texas State University president, was a keynote speaker. Milton "Buff" Morris, executive vice president of OPI, spoke briefly. La Fonda Hodges, Friona High School graduate and a sophomore OPI student at WTSU, related her association with the Foundation to the students at her alma mater.

Invited guests to the program, in addition to the high school students, were Friona participants in and contributors to the various divisions of the OPI Foundation. Baker Duggin, FHS counselor, introduced the individuals and representatives of organizations which have helped form the Friona Community Plan of OPI and have made it one of the outstanding supporters of the Foundation in the area.

"The Opportunity Plan, Inc.," Dr. Cornette declared, "helps young people help themselves. The worst thing a human can do is to place himself in the position of having to accept help given him. The important thing is for you (youth) to find the right place to do your best in life, and all any one else can really do for you is to give you the opportunity to find that goal.

"I have always said this in high school commencement addresses," he concluded: " 'It does not matter whether you go to a college or university. It does matter whether you are willing to work and help yourself to achieve the most satisfaction from life which it is possible for you to have on this earth.' "

Miss Hodges, who works as a tutor in the Super Study program of the OPI, explained how the plan works for students, and pointed out that OPI will give a student a chance when all other agencies turn him down.

"OPI is a chance to learn," she emphasized, "to really become something."

Morris concisely outlined the methods of OPI and praised the Friona community for its enthusiastic response to the plan. He stated,

"Had the communities accepted this responsibility 30 years ago, we would have saved this nation millions of dollars in givernment funds."

Morris, Mrs. Jon Ann Dwyer, counselor at Texas State Technical Institute in Amarillo, and representatives from two other colleges, spent the remainder of the day at Friona interviewing students and providing information for their entrance next Fall into colleges of their choice.

Warehouse Opens Here

A distribution center for Dri-Slide, Inc., manufacturers of a dry lubricant, has opened in Canyon. The invention of L. G. (Buck) Myers of Fremont, Mich., the product is used for industrial and automotive lubrication, according to Charles Parks, 2613 13th Ave., who will manage the warehouse here.

Parks said that the business will be hiring college students for part-time work and some full-time help.

The distribution area to be served from Canyon includes Texas, Oklahoma, Arkansas, Louisiana, and New Mexico.

Parks said that Dri-Slide customers include the U. S. government, which buys it for use in lubricating weapons, auto manufacturers, and an airline.

Miss Coats Gets First In French

Yvonne Coats of Canyon High School took first prize for the third year division of the National French Contest on the campus of West Texas State University Mar. 18, according to Murle Mordy, director of the local competition.

French-language books and medals went to first and second place winners for first, second and third year French students.

The two-part test in reading and oral comprehension, was taken by 37 students from high schools in Canyon and Amarillo.

INCIDENTALLY THE BETTER Homes and Gardens April issue discusses the merits of giving blood. Probably anyone who could would be happy to give someone else anything that would sustain life or make another life healthier.

MR. BEGERT IS RECOVERING in the medical care unit at St. Anthony's. His wife says he is visiting friends over the telephone and is being given a walk each day. It shouldn't be long before he returns home.

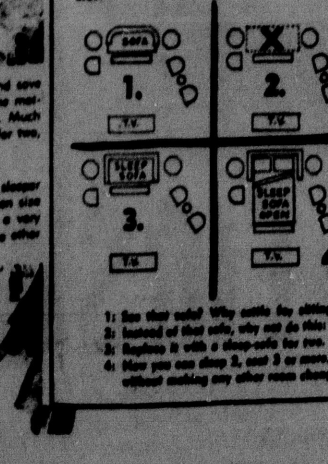
Save $60, get that big Queen-Size mattress, too. This 80" wide luxury sleeper also on sale!

If you're long on wall space and short on sleeping space, here's the same fine sleep sofa with a queen size mattress 6 inches wider and just as long as a full size mattress...what a difference that extra width makes in sleep-comfort...and what a difference the extra 12 inches of sofa width makes in living room or den looks! Green/White mix Herculon fabric.

This is one of the very few times you can find—and save on—a big name sleep sofa in the length you want, with the mattress you want, with a choice of fabric or leatherlike-vinyl. Much too often sofa sleepers turn up with mattresses too narrow for two, or dimensions too wide for your wall space.

But today and tomorrow you can have a compact sleeper with a full size mattress or an overlong sleeper with a queen size mattress. And, although their original price tags reflected a very special purchase, you'll do even better—One is $41 less, the other $60 less.

How to change a do-nothing den into a double-duty extra room that can sleep extra guests or kids:



1: See that sofa? Why settle for sitting?
2: Instead of that sofa, why not do this:
3: Replace it with a sleep-sofa for two.
4: Now you can sleep 2, seat 3 or more, without making any other room changes!

300 appointees and I feel like he will present them all at once," Sherman said. The coalition disbanded before the Senate adjourned for the first day, when Gov. Smith and Lt. Gov. Ben Barnes announced that no appointments would be presented to the Senate.

The House elected Rep. Rayford Price Speaker Tuesday afternoon on a 77-65 vote. Reps. Poff, Phil Cates of Pampa and Tom Christian of Claude, allvoted for Price. Reps. Bynum and Billy Clayton of Hereford voted for DeWitt Hale of Corpus Christi, Price's main opponent.

In a press conference held Monday shortly before he left for Austin, Poff said that he would vote for Rep. Rayford Price of Palestine for Speaker of the House to fill the vacancy left by Gus Mutscher.

"For several months I have been convinced the present house leadership must be replaced. For more than a year I have been quietly working behind the scenes to bring about legislative reform. I believe through these efforts and the election of Rayford Price as speaker; my hopes for a new day in the Texas House will be realized."

Bynum had pledged his vote to Rep. Dean Cobb of Dumas. But the two names most often mentioned for the job were Price and Rep. DeWitt Hale of Corpus Christi. "In the event that Cobb is no longer in the race; I will support the candidate I believe the most likely to bring about the reforms necessary to restore the confidence of the people of Texas in the state government.

Bynum had also signed a pledge to vote for Price. "Yes, I have signed a second pledge to vote for Rayford, which I will honor if I feel that Cobb has no chance for election in January."

"If I am sure that Hale really wants to be an interim Speaker and has no intentions of running for the office in January and I feel that Cobb could win in January; I might vote for Hale. As it stands now, however, I will honor my pledge to Rayford," said the Amarillo Representative.

"There was a movement afoot to seat Rep. Jim Slider of Naples as speaker," Poff said. Although I don't know just how strong that movement is. There is a House rule that says when the speaker or the speaker pro tem cannot chair the session that the chairman of the state affairs committee will preside. Slider is the current chairman of that committee.

Hale has been asking for a secret vote by the House on the Speaker issue, while Price has suggested that the vote be open for the public. "That will be the test vote," Poff said. "It is very likely if we have a closed vote, Hale will win. If we have an open vote, Price will probably win." The Price election did come on an open vote.

All three legislators feel that some form of the Highway Beautification Act will be passed. The federal government has required that most billboards must be moved at least 660 feet from all highways. If the bill is not passed by the House, Texas could lose up to $24 million in federal funding.

Bynum is the interim committee chairman on Highway Beautification. "Our committee has drawn up a bill that I feel sure will pass the House," he said. "It does comply with the federal Highway Beautification Act of 1965 and places a minimum burden on the state."

Gov. Smith introduced his own version of the Highway Beautification Act as well as a state financed primary in a speech Wednesday morning to a joint session of the Legislature.

If the bill is passed the state and federal government must buy all billboards that are torn down. The state will pay for 25 per cent and the federal government will pay the remainder.

"I feel we will have to pass a bill to save the $24 million dollars," Poff said. "It just upsets me that we are being forced to to do this by the federal government without really having the proper amount of time to consider the bill. It is an intricate bill, which will include spending untold amounts of money."

Sherman said he too felt the bill would pass. "But one question which I intend to raise is just how much this is going to cost us. I have heard rumors that it could cost as much as $84 million. If that is the case I think it would be ridiculous and just poor economics."

been unable to do so.

Hudson said Potter County says they have lost the entire file on Chambers and the complaints against Chambers were not signed by the two women or the man believed to have witnessed the accident at the lake.

Chambers was put in Potter County Jail and then the officers began checking what went on at the lake, Hudson reported.

Hudson said Chambers and a friend went to the lake and helped the two women put their boat in the water and then began fishing.

He said the two men had stopped at Fritch and bought two six-packs of beer, and he had verified with the liquor store the next morning how much they bought.

Hudson said the shooting which allegedly took place at the Lake was target practice.

He said the older woman had also shot the gun, "Chambers used poor judgement in having the gun at the Lake," Hudson said.

An investigation of the incident was set by President James P. Cornette following a resolution passed by the student senate asking for such an investigation.

Donald R. Curry, of Fort Worth, member of the WTSU board of regents, said he would present a report on the matter to the board at the meeting April 6 in Dallas.

The status of the university investigation is not known at the present time.

Thinclads Get Back To Work

West Texas State University's track team started back to work here Wednesday afternoon, preparing its self for a rugged three-way meet Saturday in Albuquerque, N.M.

The Buffaloes face Oklahoma State University and the University of New Mexico in that event Saturday.

In Saturday's Mini-Relays at Texas Tech, the Buffaloes shared honors with the hosts as each team won five first places. No points were kept during the meet, which featured four relays.

Coach Bob Kitchens' Buffaloes won the 440 and 880 relays, while Tech won the mile and two-mile relays. Each team won a trio of individual first places.

The Buffaloes came within one-tenth of a second of equalling their best time in the 440 relay with a 41.5 time. They won the 880 relay in 1:26.7.

Carl Brown had the best individual effort, running the 120-yard high hurdles in 13.8. Teammate Randy Thomas also had his best time of the year, 14.3. Thomas won the 440-yard intermediate hurdles in 55.5, his best effort of the season. Kirk Johnson provided the other Buffalo first with a 161-7 throw in the discus.

The Buffaloes will be facing plenty of quality athletes Saturday. Oklahoma State has run the 440-yard relay in 40.8, while New Mexico has a 41.0.

Among New Mexico's top athletes are Ingemar Nyman, Ingemar Jernberg, Chuck Steffes and Per Eric Smiding. Nyman set a school record last week with a 7-1 high jump effort.

Jernberg has vaulted 16-0 this year, but has a best of 16-6. Steffes, an NCAA Indoor All-American, has triple jumped 52-2 this year, but went 52-4½ during the indoor season. He is also a 24-5¼ long jumper.

Smiding has thrown the javelin 245-0, but his best toss this spring is 236-9.

Among the top Oklahoma State entries are John Halberstadt, Jim Bolding, Dennis Schulty, Mike Marks and Jim Benien.

Halberstadt has a 4:12.8 this season and has run the three-mile in 14:05. In Saturday's event, however, the two-mile run will be substituted for the three-mile.

Bolding, the only athlete to defeat the Buffaloes' Brown during the outdoor season this year, is an NCAA All-American. He and Brown both ran 14.0 times two weeks ago in the Arlington Relays, but the edge was given to Bolding.

An Olympic prospect in the 440-yard intermediate hurdles, Bolding has a best time of 52.3. He placed third in the NCAA meet last spring.

Schulty leads the Aggie sprinters. He has run 9.5 and 20.7 in the 100 and 220-yard dashes. Marks is the school record holder in the shot with a 57-4¾ effort. Benien threw the discus 170-4½ two weeks ago in Arlington.

Kitchens feels his spring relay team is capable of lowering its time. The Buffaloes have run a school record 41.4 once and twice have run 41.5 clockings.

Thomas and Brown are strong Buff entries in the hurdles. Thomas, the defending Missouri Valley Conference 440-yard intermediate champion, will double in both events and Brown will run the highs. Brown doubles by running the second leg of the Buff sprint relay.

Johnson, who has a best of 164-7½, will bid with Benien for top honors in the discus. Snow, who won the MVC pole vault title last year, has cleared 15-0 twice this spring and that equals the school mark he set last year. He has been clost to going over 16-0 in practice and both he and Kitchens feel that mark will come this year.

Distance runner Jim Hogan has started faster this spring than he has in past years, running below 4:20 in his first meet. His best was two weeks ago at Arlington when he ran 4:16.3. Hogan was second in the MVC last year with a 4:12.0 time. He ran 4:11.9 inside earlier this year at the Astrodome Relays. Like Halberstadt, Hogan has not run a two-mile this spring, but has a 14:59.6 time in the three-mile.

Pioneer Canyon Resident Dies

A.C. (Abb) Thompson — one of the Panhandle's foremost pioneers and early-day Canyon resident — was buried Tuesday in Hereford following his death the previous Saturday.

Known affectionately as "Uncle Abb," Mr. Thompson was 95 years of age when he died.

Funeral services were held Tuesday at the First Methodist Church, Hereford.

A pioneer telegrapher for the Santa Fe Railroad, Mr. Thompson had lived in Hereford some 30 years before his death. Earlier, he had settled in a half-dugout home at a location in south Canyon. He came to Canyon in 1889, during the twilight years of the big Texas cattle drives. He had also lived in Hartley and in Deaf Smith County for a time.

His wife, Alberta, was known widely as "Aunt Tot," relatives recalled Tuesday.

The late Mr. Thompson's parents, the Nicholas Thompsons, migrated to the United States from Norway in the 18th century. The elder Thompson once had been a sailor in the Norwegian Navy.

The Nicholas Thompsons organized the first Methodist Church ever to be established in Canyon, said Eugene Bonds of Canyon.

The elder Thompson once donated $1,000 toward establishment of West Texas State Normal College, as it was then called.

The Thompson family, Bonds reported, was reputed to have been the fourth family to move to Canyon proper.

A.C. (Abb) Thompson was known in the Canyon area as a member of a pioneer cowboy band, which performed in the 1890's.

He married Alberta Cravens in 1913 at Dalhart, where he was in the grocery business for a time.

Bonds said Mr. Thompson attended the first school in Canyon and was this city's first bookkeeper.

PTA Possibilities Are Investigated

Possibilities for organizing a Parent-Teacher Association in Canyon are being investigated by Mrs. Gene Carlisle, 2618 10th Ave.

"So far I haven't found out whether there's enough interest on the part of people here to do it," she said, but she has talked to Dr. Dudley Moore Jr., president of the school board, and plans to talk to Mrs. Clyde Crump of Amarillo, district PTA president.

"I just feel it's terribly important that we have one here. There is no communication between school and parents. I think this would be a means of rectifying that.

"I would be willing to do anything that I possibly could to help if there is enough interest."

Mrs. Carlisle said that she became impressed with PTA workers in Chapel Hill, N.C., where members did volunteer work in the library, took over classrooms to free teachers for conferences with parents, did playground duty, and helped maintain playgrounds.

Buff Golfers In Shawnee For Tourney

West Texas State's golf team competes Friday and Saturday in the Oklahoma Intercollegiate Invitational Golf Tournament at Shawnee.

The tourney, which is hosted by Oklahoma Baptist College, will be a 54-hole medals play event. There will be 36 holes fired Friday and 18 Saturday.

West Texas placed sixth last week in the New Mexico State Invitational at Las Cruces, finishing with a 922 total. New Mexico State won the event with 868, followed by the University of Arizona at 885, Glendale, Ariz., at 906, University of Colorado at 906 and the University of New Mexico at 921.

Other team scores were New Mexico State number two 934, Drake 939, Lamar 953, Eastern New Mexico, 959 and South Dakota Tech, 996.

Dick Weston of West Texas placed fifth among individuals with scores of 73, 74 and 74 for a 221 total. The Buffs were third in the team low ball event with 193, three strokes behind winning New Mexico State.

Boy Tricked By Dog, Fate

You never know what's going to happen next.

Ask 8-year-old Lane Williams, son of Mr. and Mrs. Glenn Williams, 400 4th Ave.

Last weekend he climbed over a fence into a neighboring yard to "retrieve his coat," said Mrs. Williams.

That was a mistake.

A dog bit him.

"He'd been playing with the dog before. The dog never bit him before. He (young Lane) learned a lesson."

Young Lane received a protective shot, and owners of the dog were advised to keep their dog penned up for 14 days as result of the boy's ordeal.

The purpose of the seminar is to relate to local officials in an educational way on elections, Ritter noted. The seminar is one of several planned by the government department on different subjects, according to Ritter.

A packet will be prepared for the seminar, Ritter said, including a summary of national party rules, rules for conducting primary elections, and rules for conducting precinct, county and state conventions, Ritter stated.

The registration fee for the seminar is $3 including a luncheon. The luncheon will be held in the WTSU East Cafeteria.

WT Officer Chambers Resigns

BY ELAINE PEEPLES

Kennith L. Chambers, security officer at West Texas State University, said Wednesday morning he has resigned his position effective April 1.

Chambers said he resigned because of all the harrassment he and his family have been receiving.

Chambers said he has accepted a job with Cooper and Woodruff, Inc. in Amarillo, as a field mechanic. He said he was leaving law enforcement for the present time.

Chambers said he and his attorney, Jerry Kolander of Amarillo, had no plans to carry the incident further at this time. "I am just getting out of it," Chambers said.

As far as the incident at Lake Meredith is concerned. Chambers stated "The incident has been tried and found not guilty and the case is closed as far as I am concerned and as far as the law is concerned."

Chambers said every law enforcement officer involved in the case have said they were too hasty and brought Chambers into Potter County before they found out what happened.

Chambers said he enjoyed his work at WTSU and "I really hate to leave."

Bobby Hudson, security chief at WT, said Wednesday morning he was notified of Chamber's resignation Tuesday night.

"With no more than the university is paying Chambers, he felt it was not worth what he and his family have been through," Hudson stated.

"The man is physically and mentally broken down," Hudson declared.

Hudson said as long as Chambers continued to work at the university and was trying to work out the situation it was out of his control to release any information about the incident.

When asked about the hearing set at the university following Easter vacation at WT, Hudson said, "I sure hate for a cloud to continue hanging over the man."

The investigation into the conduct of Chamb-rs was begun following two editorials published in the WTSU newspaper, "The Prairie."

The investigation concerns an incident in August of 1970, at Lake Meredith which resulted in charges of drunk and disorderly being filed against Chambers in Potter County.

Chambers pled not guilty to the charges and the charges were dropped "at the request of Bobby Hudson," according to Potter County records.

"I feel Chambers recent trouble was due to a ticket given to Dale Lockett on the campus," Hudson declared. Lockett is an employee of KFDA-TV and his wife is a member of the "Prairie" staff. Both are students at WT.

Hudson stated Chambers gave Lockett a ticket and "was attacked by the Prairie within a few days." Hudson said Lockett was in his family car and was given a ticket for parking in zone 3 in a faculty parking space.

Lockett's parking permit is in Zone 4, Hudson said.

"When it was verified he was a full-time employee of a news media, the citation was handled with no charge," Hudson noted.

Hudson said he made a mistake in not documenting his investigation of the incident immediately after it happened "but hindsight is better than foresight," Hudson added.

The security head said he had made repeated attempts to find the witnesses at the lake but had

Solons To Honor Canyon Girl Eagles

Rep. Bryan Poff of Amarillo and Rep. Tom Christian of Claude introduced a resolution to the Texas House of Representatives Wednesday recognizing the Canyon Girl Eagles as the best girls basketball team in the state.

The resolution honored the Girl Eagles for their perserverance and outstanding talent, which was brought together and developed by their coaches; Bob Schneider, Willie McAlpine and Diane Lewis.

It also cited the Canyon girls on their outstanding 30-5 season record. Each of the girls were to be named in the resolution which will go into the permanant House record and signed by Gov. Preston Smith.

Although the bill had not been introduced on the floor of the House by presstime, Poff said that he expected passage late Wednesday afternoon or early Thursday morning.

The girls won the 1-AAA district crown without a loss and then defeated the Saginaw Boswell quintet in the Regional playoffs held in Sweetwater.

They moved to the state tournament in Austin and whipped the Angleton cagers in the semifinals in the waning seconds of play. The Eagles humiliated Rockdale in the finals 59-36, while holding Rockdale to the lowest number of field goals in recent history.

Marilyn Read, Kris Tucker and Joy Williams were named to the State All-Tourney team shortly after the tourney.

On New Speaker

Representatives Differ

By BENNY TURNER

State Representative Bryan Poff and Ben Bynum agree that the state must help finance the May 6 primaries, and that the legislators will approve some form of the Highway Beautification Act, in the special session.

"I think that the state funding of the primaries at a minimum cost to the state is our only alternative," said Poff. "They only way I see to achieve that is on a per capita basis.

Bynum said that he felt the legislators would vote to finance the primaries through state funding.

Both of the legislators left for Austin Monday to attend the special session called by Governor Preston Smith, which convened Tuesday. "The way it looks we will be back home by Saturday," Poff stated.

Bynum said that while he hoped they would be home by Saturday, "There is a coalition of State Senators that would like to hold us in session for 11 days or more so the Governor would have to ask for senate confirmation of his numerous appointees. Those appointees include Secretary of State Bob Bullock.

"I don't think that coalition will stay together, however. Because of the pressure that will probably be exerted by the House to adjourn and possibly the press," Bynum added.

State Senator Max Sherman of Amarillo, said he was familiar with the efforts to hold the legislature in session longer than 10 days. "I think it would be better to consider these appointees at a later date when there is more time for consideration and less pressure.

"If it were a matter of two or three confirmations, that would be a different matter. But the Governor could present 200 or

Sunday News To Be Mailed

The Canyon Sunday News will go into the mail Sunday for the first time as a paid up subscription newspaper.

This announcement was made Wednesday by Troy Martin, publisher.

Martin said there are several reasons for making The Sunday News a paid publication.

"A number of our readers had complained that they did not get the Sunday News and was therefore missing much of what was going on in Canyon," Martin said.

The Canyon publisher said he also feels that this factor made it impossible to expand the outlying circulation of both The Canyon News and The Sunday News to the utmost.

"We want to use our newspapers not only as tools to serve the community but also to tell the story of Canyon to outlying areas letting the people there know how good it is to visit and shop in

Local Students Win Honors At Area Fair

Three elementary school students and one high school student from Randall County won awards in competition at the annual Panhandle Science Fair, held at Amarillo during the past weekend.

Elementary winners from Rex Reeves School were Robin Wright, a fifth grader and daughter of Mr. and Mrs. Robert A. Robin won honors for her botany exhibit entitled "Why Don't Plants Grow Well Around Juniper Trees?" Cynthia took a first place award for an exhibit called "How To Kill Mold." Robin Waide won two special awards, the U.S. Army Award and the U.S. Air Force award. Her exhibit was named "Surface Tension."

The three were among four exhibitors from Rex Reeves. Other contestant was Jan Park, daughter of Mr. and Mrs. Denny R. Park, physics.

Chamber Of Commerce To Discuss Tourism

Prospects for joining the Panhandle Playground Association, plans for the July 4 Celebration here and the Canyon Days festivities, and the All-Sports Banquet slated April 24 — all are topics slated for discussion next Monday by members of the Canyon Chamber of Commerce.

C of C President David West said this week the chamber will promote affiliation with the Panhandle Playground organization in an effort to boost tourism for Canyon.

Said West: "I think it (the association) is a thing we have to join because of the tourist items that we have around Canyon." He said costs involved in joining the association will be justified by wide advertising such action would bring to this city.

He said emphasis in the future would be in development of the State Historical Site located at the original ranch headquarters of the T-Anchor Ranch, a cabin situated just north of Canyon. He also said future C of C activity will seek to boost further Buffalo Lake as an important tourist attraction of this area.

West said no date has yet been set for Canyon Days, to come sometime in July.

FROM THE CANYON RIM

Stamp collections of two former legislators from Amarillo are almost certain to become campaign issues within the next few days.

Although Walter Knapp, presently a candidate for district attorney in Potter County, is under scrutiny by the district attorney's office in Travis County, Hudson Moyer's stamp expense probably will be of more interest to people here.

Moyer is opposing Rep. Bryan Poff for the right to represent the 65th District in the legislature and this includes Randall County.

Records in the capitol show that Moyer drew $1,500 in stamps Oct. 16, 1970 and another $1,500 worth Dec. 31, 1970 less than two weeks before his 8-years as a legislator drew to a close.

Moyer had been defeated by Poff in the May primary.

At first Hudson declined to make a statement saying that he felt any statement while Knapp's reported withdrawal of $6,000 worth of stamps in the waning days of his tenure still is under investigation by the Travis County district attorney would be inappropriate.

Then Moyer went on to say that during his eight years as a legislator he spent much more on expenses of his office than he ever drew and that he withdrew the $3,000 worth of stamps as his term came to a close in order to recover some of those expenses.

"My term didn't expire until Jan. 12, 1971 and I had continuing duties up to that time," Moyer went on.

Moyer said the stamps withdrawn were merely expenses in arrears and owing to him and that he was just catching up.

Moyer explained that for seven of his eight years in the legislature legislators were never allowed an expense account of more than $250 a month.

"I went six years during which my contingent expense allowance did not cover expenses," he asserted.

He went on to say that effective Oct. 1, 1969 legislators were authorized $875 a month for contingent expenses.

"I had the benefit of that for only 14 months out of 8 years," he asserted.

Moyer concluded that over the 8-year period he had a substantial out of pocket loss on expenses.

***

Legislators should be allowed actual expenses for conduct of their office subject to certain limitations laid down by law.

Blanket expense allowances are no more justifiable in government than they would be in private business.

Anything a legislator spends on expenses should be accounted for in writing and paid through the appropriate state agency.

In my opinion, paying off expenses in postage stamps borders on the ridiculous and is begging for trouble.

It seems to me that for a legislator to try to collect 8 years expenses in three months leaves something to be desired.

***

A deluge of H.M. Baggarly's column denouncing Dolph Briscoe as the villian of the Eagle Pass School tax litigation is flooding the state.

The column says Briscoe tried to put the school district over the barrel financially as a result of the suit by refusing to pay his school taxes on time.

School officials at Eagle Pass say this is not so but that Briscoe actually saved the day for the school district by talking other disgruntled taxpayers into paying up so the school could open on time.

The latest letter came to school people here from W. L. Mann, superintendent of the Springlake-Earth school system.

The letter was on a school letterhead so I would assume that sending it was some expense to the school and state. The letter I saw was addressed to Dr. Dudley Moore, president of the Canyon school board, and it was nothing more than an outright campaign letter on behalf of Ben Barnes.

If you remember, the Briscoe story was released by the Tulia editor the day after the Ben Barnes campaign train whistled through Tulia.

Now it's all right if the Earth superintendent wants to campaign for Barnes or anyone else as a private citizen but when he uses stationery paid for by the state and campaigns in his capacity as a school superintendent on state pay roll it becomes the business of everyone.

THOSE ENCHANTED EASTER EAGGS pictured on the front page of the News Sunday with little Carol Moses are easy to make.

I thought you might like to have the recipe to clip and save for upcoming Easters. So, here it is...borrowed from Mrs. Moses.

You'll need: 5 lbs. granulated sugar; 2 lbs. powdered sugar; 7 egg whites; ½ c. cornstarch; 1 t. cream of tartar; food coloring; a large bowl; small cloth bag; thin, sharp knife; spoon; plastic egg mold; cake decorator; miniature objects to go inside.

You can get the mold from a hobby shop (a candle mold works well).

Eggs: Mix the granulated sugar with 3 unbeaten egg whites in a large bowl. Put ½ c. cornstarch in a cloth bag and dust each half of the egg shell mold. Pack sugar in firmly. Turn the eggs upside down into a smooth surface; cut off 1 inch from the tapered end (to form opening later). Put in warm oven (250 degrees) for 10-15 minutes or let dry for 2 hrs. Scrape out inside leaving ⅛ inch thick walls.

Icing: Beat 4 egg whites until stiff, add 2 lbs. powdered sugar mixed with 1 t. cream of tartar beat until icing stands in peaks; tint in your choice of colors. Spread green on the bottom half of each egg to resemble grass, press in minature items to make scene, use icing to seal the egg halfs, then decorate with the icing, ribbon, flowers, etc.

SPEAKING OF EASTER, here's an idea for church nursery groups, kindergartens, or brownie troop shared by Mrs. John Plank of the First Baptist Church staff.

Give each child a puffy cotton ball and a plastic bag containing some powdered yellow tempera paint. Let each one shake the bag with the cotton inside until it is all yellow.

Help each child cut a beak of orange construction paper and two black or blue eyes (a paper hole punch works nicely for the eyes). Let them glue the face onto the yellow pfuff then have a tiny basket (colorful paper cup cake or muffin cup) that they can add artificial grass to and set their chicken in.

Three year olds at the church nursery did this last Sunday and were very proud of the finished product.

"It is important that the children feel that they did it," Mrs. Plank relates," This builds self confidence as well as pride in themselves."

MIKE CASEY, FORMER Personality King at WTSU, will return to Canyon in August to finish his education. The guitar pickin' and grinnin' Casey has been serving the armed forces in Japan (also Viet Nam, Phillipines, Alaska).

Mike will also bring his summer bride to the city from San Jose, California.

His sister Vicki a former class favorite, has already presented the couple with a wedding gift...a genuine barber's chair!

I can hardly wait to see the return of Casey's living quarters...when he was on the campus there was nothing else like it...and the barber's chair is good start on the furnishings.

Casey's address, by the way, is M.V. Casey AW2; B712285 Vp46; FPO San Francisco, California, 96601.

ANYONE OUT THERE have a project for some 35 baby food jars per week... I've given some to the Girl Scout leaders. One of my friends suggested throwing them away, surely someone can use them though.

***

RECYCLE SOME OF THAT junk mail that comes in daily. One can weave equal strips (6 each way) into a hot pad for the table, or use longer ones for place mats. Larger mats may be woven and taken to picnic areas for seating.

Use the backs of letters as scratch pads by cutting them in fourths and stapling them together...leave one by each phone, one in the kitchen to write your grocery list on, and one at the desk.

***

PLACEMATS that hold memories can be made from the beautiful cards one receives at Christmas, on birthdays, Easter, etc. Simply cut poster board the size of a place mat, fit the cards onto the card then laminate or cover with clear Contac paper.

These are colorful at the dinner table and may be wiped off easily and used again and again.

Mrs. Merl Nelson of Claude has a lovely set of these.

***

CASSIE (NELSON) related that in early days a horse collar was used to aid infants in sitting up. Then if they fell back they would not hurt themselves.

Someone will probably rediscover this idea, put it into foam rubber, cover it in satin, then sell them all across America, she noted.

AROUND SEVENTY-FIVE locals attended that Friday evening coffee for Congressman Graham Purcell.

The event was held in the home of the Bob Henrys.

The table for the informal affair was set with an orange tablecloth and held punch, coffee, and cookies.

***

MRS. MYRTLE KNORPP said around a hundred friends and relative attended Kerry's champagne wedding reception at a mountain lodge at Angel Fire, New Mexico.

Hor D'oeuvres, shrimp, shishk-bobs, made up the food trays for the affair.

The assistant Amarillo DA and his bride traveled to Denver, Colorado for their honeymoon. They will make Amarillo their home.

A COFFEE FOR RHETT PLANK, candidate for Texas House of Representatives in the 65th district, was given in the country home of Mrs. and Mrs. John L. Plank Sunday afternoon.

Refreshments and decorations carried out the patriotic theme and featured a red, white, and blue motif.

Attending the coffee were friends and neighbors from the Bushland community in Potter and Randall Counties. Several out-of-town guests also attended. Darlene made red, white and blue cookies for the occasion. The recipe (named pastel cookies) is featured below and could be used for a shower, wedding, or tea.

Pastel Cookies

1 c. shortening
1 c. sugar
2 egg yolks
3¼ c. sifted cake flour
1 t. baking powder
¼ t. salt
6 T. milk
food coloring

Cream shortening and sugar thoroughly. Add egg yolks and beat well. Sift all dry ingredients together and add alternately with milk to the creamed mixture. This foundation makes either checkerboard, pinwheels, or ribbon cookies.

For ribbon cookies Darlene divided the recipe into three parts and colored one section red, another blue, and left one white. Roll out the doughs about 1/3 inch thick, cut in 2-inch strips and stack 2 inches high alternating colors. Trim sides, press together slightly, wrap in waxed paper and chill. Slice ⅛ inch thick, arrange on a greased cookie sheet and bake at 375 degrees for 9 minutes. Makes about 50 cookies.

MARTHA LOW CLOUGH volunteered to work at the "TEXAS" musical drama booth with executive director Raymond Raillard at the Houston Sports, Vacation, and Travel Show.

Thousands of people attended the event and Raymond noted that numerous people who either had lived in Canyon or had friends here made a point to stop by. Hundreds of pieces of literature on the drama were handed out during the show.

Police Hold Three Youths

Canyon Police last weekend took into custody three juveniles, ages 14, 15 and 16, after they were spotted hitch-hiking on U.S. Highway 60 near its intersection with 15th St.

The youngsters told officers they were going to California from Oklahoma as they thumbed a ride.

All three were held by juvenile authorities until parents arrived early this week to pick them up.

No charges were filed against the trio.

4 Nominated For Honor

The Canyon Study Club met recently in the parish hall at Umbarger and square-danced to the calling of Herrick Allen, caller for Pistols and Petticoats.

The members made plans to sell tickets for Canyon Night at Amarillo Little Theatre's performance of "The Girl in the Freudian Slip," starring Don Ameche, on April 25. The club is cooperating with the Women's Division of the Chamber of Commerce in this project.

They also nominated Mrs. Don Dolle, Mrs. Jim Brown, Mrs. Don Sheffy, and Mrs. John O'Conner to appear in a book, "Outstanding Young Women of America."

The club is arranging to give a $100 campership to a child who will attend Camp Wigwam, which is open to retarded children.

Contributions to Project Concern were collected on the basis of a "Count Your Blessings" tax form. The money will [illegible] for medical and [illegible] supplies in Tennessee, Kentucky, and New Mexico. Other Project Concern efforts to which the club contributes are the building of a hospital in Vietnam and a pediatric and maternity hospital in Mexico.

Hostesses for the Tuesday meeting were Mrs. Clifford Baker, Mrs. Johnny Raymond, Mrs. B.B. Kendrick, and Mrs. Dolle.

Holiday Injuries Dog Walker ; Baileys Are Featured

BY VICKI HOOKER

SPRING HAS FINALLY SPRUNG and the time all the school kids have long awaited is here. Yes, the Easter holidays. A time when teachers and bus drivers can relax and parents get tense! The motorcycles buzz, the doors slam and refrigerators stay empty. Really this is putting it a bit harshly, because we know the kids deserve this break from school, and most mothers enjoy a change from the 7:30 to 4:30 five-day week. Here's hoping that all of you are enjoying and ready to return to school next week.
week.

Holidays are fine for most people, but something tells me Jamie Walker should scratch them off his calendar! During the Christmas holidays Jamie tried to tackle a telephone pole while playing football. The pole, being a very obstinate sort, attempted to knock Jamie's teeth out! With the help of a special diet and a mother's loving care, his mouth is almost back to normal again. But last Sunday with seven more days to go in the holiday break, he sprained his shoulder in a motorcycle accident. He and Rodney Thompson were riding at 34th and Osage when the accident occured. We hope you recover soon, Jamie, even though you can't ride.

Mr. and Mrs. John Thompson entertained guests over the weekend. Their daughter. Kay Scroggins, Husband Eddie and eight-year-old sons Mike and Mark arrived Friday from Seagraves. Paula Davidson, their other daughter, her husband, Ralph, and two sons from Amarillo joined them at the Thompson's. Besides visiting and card playing, the three families spent much of their time with Faye Newberry, John's sister, who is in High Plains Baptist Hospital in Amarillo. Seems as though that family has had more than its share of sickness. We certainly hope that John's sister recovers soon, and that everyone remains well for a long time.

Buster and Marcella Carlile will be welcoming a new member to the family in June. You guessed it! Jerry is planning to be married to Cindy Schrib on the 17th of June. The two have been going together for some time, but have not made wedding plans until now because of Jerry's standing in the draft. He was supposed to have gone in January, but he was notified by the Air Force that there were no openings in the medical assistance school. Just recently he was instructed to join the Air Force reserves since there will not be any openings in the school until July 20th. Jerry had already paid for the rings and Cindy had already bought her dress, so they decided to go ahead and make wedding plans. Congratulations to the happy couple, and to the in-laws-to-be!

Randy Carthel scrambled past many professionals on his 125 Penton in Lubbock last Saturday night to place sixth in the main event. This may not sound like a very good showing to some of you, but Randy's bike was one of the smaller ones in the race, and the Lubbock track, which has longer straight-a-ways than the Amarillo track, gives the bigger bikes an advantage. So really, Randy did very well and we're proud of him.

Randy was accompanied by girlfriend, Mara Campbell, Jamie, his mother, Roberta, and grandparents, Jack and Irene Parker who are also of the Palisades. Jack and Irene are big racing fans and try to follow Randy to each race. They know the rules and can tell you who is and who's not racing fairly. I asked Irene is she wasn't afriad of watching Randy get hurt and she said, I don't worry about him as long as he's racing. It's just when he gets down here (Palisades) that I worry!" But Randy doesn't have much time for riding at home anymore. Between school, working, and racing, he's a pretty busy fella!

Featured this week are Dan and Carolyn Bailey and son Brent. The Bailey s have lived in the Palisades for one year. They are both Natives of Amarillo and spent the first two years of their three years of marriage in Los Angeles. As Dan said, "It was terrible!" The earthquakes were the main reason they moved back.

Dan, who is treasurer on our board, works for Furr Food, and Carolyn is employed by the Amarillo National Bank. They attend the Congregational Methodist Church in Amarillo. As you may or may not know, Carolyn is the daughter of Mr. and Mrs. Garland Turner, who also resides in the Pailsades, and, also she is the sister of Judy Webb.

Speaking of that family, we'd like to congratulate Sheree Turner, also Carolyn Bailey's sister, who won 1st place in the 660 yard dash last Friday in Panhandle. In the finals on Saturday she won third place in the same event. The seventh grade at Canyon Jr. High won the trophy. Good work girls!

A warm welcome to Eddie and Helen Jeffers who moved here last weekend. The Jefferses had lived in Amarillo since last summer, but are originally from Claude. They have two children at home; Glenda, 16; and Eddie, Jr., 13, and a married daughter, Linda Odom in Amarillo. She and husband Tim are newlyweds being married since the 17 of this month. Linda is studying nursing at AC and Tim is in prevet.

Eddie works for Pantex and enjoys riding his 450 Honda. Eddie Jr. and Glenda ride a 100 Yamaha, so it looks as if the Jefferses are going to fit right in with the Palisades motorcyclists. Again, welcome to the Jefferses, and we hope they enjoy their home in the Palisaes.

Just one other thing I'd like to mention. The Big Brother's organization in Amarillo is in the process of forming an auxiliary to aid them in fund raising, forming group activities for the big and little brothers, and in any other way possible. The program is really snowballing, and they need your help. This will not be a tightly knit auxiliary, one in which each member would have set hours to work. Rather it will be one in which one works when needed.

Don Pipes, director of the organization, hopes to expand the program to Canyon soon if funds are available. He also hopes to expand the auxiliary into a Big Sister's program sometime this summer, depending on the responses. If you feel you could help in this very worthy cause, please call me at 622-1439, or Don Pipes at 373-8181. You help will be appreciated.

Happy belated birthday to Kathy Webb on the 27th and Happy Anniversary to Mrs. and Mr. George T. McHaga on the 31st.

Don't forget the Home Demonstration Club meeting April 6, 12:00, at Ginger Hooker's 4220 W. 15th in Amarillo.

Hope everyone has a Happy Easter and a safe trip.

Champion cookie-salesmen for the Girl Scouts are, front row, l. to r., Sandy Warwick, who sold 102 boxes, Cindy Todd, 125, Traci Bufkin, 100, back, l., Cindy Dugan, 104, Robin Burt 108.

Seven Attend Theatre Meet

Attending the annual conference of the U. S. Institute for Theater Technology in San Francisco this week are James Kemmerling, Bill Anderson, Jerry Moore, Debbie Canterberry, Vicki McCormick, Darla Rhodes, and Sandie Sage, all from West Texas State University. The group expects to return Friday.

Funeral Held For Resident

Graveside funeral services for Mrs. Margaret R. Ziegler, 85, former Canyon woman, were held at 11 a.m. Tuesday in Dreamland Cemetery. Officiating was the Rev. Bill Webb, director of the Baptist Student Center, Canyon.

Mrs. Ziegler had lived in Canyon until 12 years ago, when she moved to Dallas. Funeral services in Dallas were conducted Monday.

She was born in Jackson County Texas. Her husband, T.W. Ziegler, died in 1958. She was a member of the First Baptist Church of Dallas, the Eastern Star, and the Daughters of the American Republic (D.A.R.).

Surviving her are three sons, Thomas E. Ziegler of Brownsville, Robert M. of Dallas and Joe R. of Houston; one daughter, Mrs. C.E. Nance of Dallas; one sister, Mrs. Edna Riggs of Jacksboro; one brother, Guy Roland Ziegler of Garland.

Auction Set For April 22

An auction to dispose of surplus county equipment has been set for 10 a.m. April 22 at the Randall County Barn.

Randall County commissioners approved Monday a list of items to be sold including a tractor, trailers, snow plows, safes, a 10 by 20 foot sheet iron building, a roll-top desk, antique light fixtures and jury chairs.

Judge W.A. (Bill) Wilson will be the auctioneer.

Sheriff L.S. (Slim) Johnston met with the court to discuss needs for cars and an air-conditioning unit for the sheriff's office.

The commissioners approved the advertisement for bids for three cars and two five-ton air-conditioning units. The court also approved the purchase of one FBI Crime Scene Investigating Kit at a cost to the county of $37.50. The kits are available through the Criminal Justice Council of the Panhandle Regional Planning Commission.

The Court authorized county clerk LeRoy Hutton to hire a clerk for his office to take care of absentee voting for the primary election.

The court also discussed other needs for supplies for the primary. Hutton said personal appearance absentee voting for the primary election will begin April 17 and his office will begin mailing out ballots April 5.

The court authorized the hiring of Miss Ellie Howard, a work-study student from West Texas State Univedersity, as clerk in the juvenille probation office at a salary of 48 cents an hour.

Mrs. David LaBrie, right, admires a navy dotted Swiss dress with knife-pleated skirt and white collar, cuffs, and belt, shown at the Wives, Etc. fashion show recently. White & Kirk displayed the spring clothes.

Make Family Want To Eat Vegetables

BY BECKY HALL

In cooking vegetables, the first consideration is to make them look and taste so good that they will be eaten willingly. The second objective is to cook them so as to conserve as much as possible of the food value of the raw product. To accomplish both these ends, it is necessary to know how the cooking process affects palatability and food value.

Retaining the Color in Cooking Vegetables —

People generally like vegetables that have been cooked just long enough to be tender, and to have a good color, and delicate flavor. Color in vegetables is affected by many things: the nature of the coloring matter itself, the hardness of the cooking water, the presence in the water of minerals such as iron, and the method of cooking. Yellow vegetables keep their color as long as they are not overcooked. White vegetables become dark if they are overcooked, especially in water that contains iron. Red vegetables keep their color best in the presence of acid. If beets and red cabbage have to be cooked in hard water, it is a good idea to add a little vinegar to the water. Green vegetables cooked in hard water keep their color better than those cooked in soft water.

Cooking With The Cover On or Off —

Cooking vegetables in a covered pan has many advantages. Less water can be used without danger of burning as the water evaporates. Less fuel is required because the steam returns to the water and it takes less cooking time. Even so, many people still prefer strong flavored vegetables cooked in an uncovered pan such as cabbage, onions and members of the turnip family. The reason for this is the strong flavor substances pass off in the steam if they are uncovered.

Cooking Vegetables For Food Value —

Cooking tends to diminish the food value of vegetables in two ways. Certain vitamins are at least partially destroyed by heat, especially in the presence of air. Some vitamins and most mineral salts are soluble in water and to pass from the vegetable to the cooking water. Both types of losses are kept at a minimum by proper cooking. Observing the following rules will conserve vegetable food values:

(1) Baking, steaming, panning and cooking in the skins help to retain food values. Use these methods frequently for vegetables for which they are suitable.

(2) In cooking vegetables in water, have the water boiling when the vegetables are added.

(3) Cook vegetables in the smallest quanity of water that will produce results.

(4) Avoid cutting vegetables in small pieces before cooking as more minerals and vitamins are dissolved in the cooking water.

(5) Whenever possible use the water in which vegetables have been cooked.

(6) Whatever the method, cook the vegetables only until tender.

(7) Serve the vegetables as soon as possible after they have been cooked.

Making Vegetables Interesting —

Proper cooking of vegetables is the first step toward making them interesting; attractive service is a no less important second step. Some suggestions to follow in serving vegetables are:

(1) Reduce the water by concentrating or draining.

(2) Season thoughtfully. Allow at least one teaspoon of butter or one tablespoon of cream or sauce for each serving. If possible, taste critically before sending to the table.

(3) Avoid sterotyped combinations.

(4) Vary the form of serving the most common vegetables. Every cook should be familiar with at least a dozen potato dishes. When tomatoes are low in cost, they may be baked, grilled, stuffed, scalloped, or combined with the main dish.

For recipe suggestions on cooking vegetables, call 655-3341 or come by the Extension office on the first floor of the Courthouse and ask for the Vegetable Bulletin B-923.

Mrs. Lovelady Disassembles House

BY PAULINE HEFLEY

ON FRIDAY LAST, Ron Smith, son of the Chet Smiths on Arden Road took Donna Reed of Erik, Okla., to be his lovely wedded wife. We wish them all the happiness in the world and Papa Smith jokingly says he is happy he is gone.

BOY, THAT MRS. Harold (Eva) Lovelady on Beacon Road is as industrious as a lil ant. Have you noticed lately that she has almost completed her project of disassembling that house on Western Street?

WELCOME HOME TO Andy Hanson on Euclid, from the Air Force Academy in Colorado.

RAN INTO THAT MRS. Jim (Mary Jo) Smith who interrupted her tenure of service on the faculty at Gene Howe to increase her family. She looked great and said Babysnooks "Nikki Jo" was really growing. By the bye, understand Mrs. S. is wanting to resume her teaching career (hopefully at Gene Howe).

AND, LET'S KEEP YOU current on our fearless leader, Luther B. Lawless. Word comes to me that he is recovering from his surgery down at his folks, feeling real good, and the operation is a real success (could it have been a hair transplant on top of his wee little head?) Seriously, we are glad he is doing fine and look forward to his return as king of the hill.

A GOOD LUCK WISH TO Johnny Dodson who is now doing his basic training in the Navy in San Diego, California.

OUR BEST WISHES TO Mrs. Dale (Darlene) McBee and Mrs. Raymond (Gloria) Rawls who have entered into a joint venture. It is a beauty salon and goes under the name of Darlene's Beauty Salon at 4806 Camp Lane. Just call 355-5028 or 352-3339 for an appointment.

THAT MRS. DANNY (Nancy) Piercy was by the schoolhouse on the hill recently with her little baby bunting (boy type) for a brief visit.

WELCOME TO THEIR NEW place of abode on Chapman Road to Shelby and Glenda Weatherford who are the houseparents at the second cottage of the High Plains Children's Home. Understand they already have about ten kiddoes including their own two, Tres and Stephanie. A warm welcome to the whole group.

SPEAKING OF HIGH Plains, we missed several who had birthdays this month, and they were Tommy Cook, Becky Adams, Donald Wayne Pace, and Barbara Pierce.

YA'LL CAN GET A GRAND tour of the new facility at High Plains on Mother's Day when they have open house, more on this later.

HAVE TO SIGN OFF FOR now. There is a most important event transpiring this Saturday — would you believe the School Board election. I know a red head who would surely appreciate your vote, can't imagine who she might be. Thanks...pmh

NOW ALL YA'LL GET IN touch and let me know who came to visit ya and where you went during the holidays...376-9853 or 352-2089. Borrowed: "Too much of the world is run on the theory that you don't need road manners if you drive a five-ton truck."......pmh

DON'T TAKE YOUR EYES FOR GRANTED

There is much more to good vision than people realize. Better vision can mean greater ability in every aspect of life. Although under normal circumstances your eyes will serve you as long as you live, it is important that you protect them with proper care.

Periodic check-ups are a necessity whether you wear classes or not. Avoid strain by having the proper glasses (if you need them). Use proper lighting when reading, working or watching TV. Protect your eyes against glare. Rest them when they are tired. Sometimes a soothing eyewash or eye-drops can be helpful. We carry many of them in our pharmacy.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

PD Officers Complete Training

Two Canyon Police officers have graduated from a five-week course in basic police training at the Amarillo Police Academy, located at Amarillo College.

They are patrolmen Werner Talley and Tommy Sanford both of whom successfully logged 200 hours of training which will lead to their certification as peace officers by the State, following one year terms of duty with the Canyon force.

Both officers scored high grades in the training school according to Al Stewart, police chief. Talley, 28, is a former Amarillo man, and Sanford, 25, is a Canyon native. Talley joined the Canyon Police Jan. 1 of this year, and Sanford, Jan. 31.

Stewart this week commended both officers, noting that other officers are and will be engaged in other school activities.

Patrolmen Zeke Clement and George Greiner last week completed the initial phase of an advanced traffic school at Amarillo College. The officers completed one week's work, and will undergo two more weeks of similar instruction soon.

Those officers received, during the initial phase of training, instruction in basic police traffic law enforcement, Chief Stewart noted.

In addition, Canyon Patrolman Jack Magee Tuesday and Wednesday of this week attended an advanced in state liquor law at the college. Other two-day periods of instruction are scheduled at later dates.

Chief Stewart said continual education is an important facet of Canyon Police policy. He said, "I want the Canyon P.D. to a be a professional agency, and to accomplish that, our men must be trained."

Catholics Observe Passover Meal

Members of St. Ann's Catholic Church gathered at the Canyon Community Center Wednesday evening to partake of a traditional Passover Meal.

According to Father Jack Gist, pastor, "It has become a local custom to celebrate the Passover Meal for educational reasons — a dramatic presentation of the evenings of the Upper Room to bring more vividly to our minds the Lord Jesus' last hours upon earth...It is meant to deepen our understanding of the Gospels...The Passover Meal is meant to prepare and deepen our understanding of all the liturgical ceremonies of Holy Week and Easter, steeped and rooted as they are in Old Testament figures and allusions, for example, as Christ is true Lamb of God slain for humanity's sin, superceding all other sacrifices."

Tulsa Whips Buffs

The University of Tulsa halted West Texas State's hot bats in a pair of games in the Golden Hurricane Review, which is being played in Tulsa, Okla.

The Buffaloes of coach Bob Sloan got only two hits Saturday night as Tulsa shutout West Texas, 4-0. West Texas came back Sunday for more hits, but lost 8-4 in 10 innings to last year's third place team in the NAIA National Tournament, Southwestern, Okla.

In a Monday night game the Buffs were no-hit and the opponent was again Tulsa. The Buffs fell, 2-0, in that contest.

West Texas was to have played Arkansas at 5 p.m. Tuesday, but that game was rained out and was slated to be played late Wednesday.

The Buffaloes were slated to play eight games in the Hurricane Review, which ends Saturday. No winner will be determined from the event, but the ideas was just to get collegiate teams together during the spring break for a great deal of baseball.

Neighbors Brace For Cold Spell

By TOOTIE BYBEE

HELLO once again from out here. Well, we were all in the mood for Spring but it looks like it just might be cold for a little spell. Mother always used to call it the last big Easter freeze, and it seems we always get a cold spell around Easter every year. This week of school being out has sent all our friends and neighbors off in a variety of directions. So, what little news I have been able to glean this week is this: (When everyone gets back we should have a whopper).

LYNN LAIRD was one of the speakers last Saturday morning for the Tierra Blanca Chapter—Canyon, of the National Secretaries Association. The fourth annual seminar for secretaries was held in Canyon at the Community Center. The overall theme of the seminar was "Put It All Together". Lynn spoke on "Physical Fitness-Exercise for Energy". I was so very happy to hear this, as Lynn does just a whole lot of traveling with the different teams at WT and a lot of speaking, and I just know there is something he could contribute to a lot of programs.

CRISTIE JONES was off to a good time this past weekend. She left at noon with the Missionette group from her church to go to a retreat at Lubbock. Her church association has purchased a college campus no longer in use and they had the use of all sorts of equipment and took part in just a great many activities. She had a real great time.

MEANWHILE, her elder brother, Gregg tried a little "wilderness" type camping at Palo Duro Canyon with a friend, Vaughn Dudley. They went down Friday and came in Monday. Said the little tent was just pretty air proof, but it sure helped if you didn't breath??

MIKE TOW and dad, I. J. went to Post Friday night and camped out and then took part in the big Endure Motorcross races. Said neither one of them placed high enough for a trophy but both had such a good time together. They took along cousin Marvin Carr from Amarillo, who also raced. One of them did report that he was just a little sore: I won't say which one as I don't want him to feel old.

THE TA-WA-SI Camp Fire Girls of Mescalero Park just did their moms up proud last Tuesday afternoon. After school they all met at DeAnn Cooper's home and prepared a whole dinner alone for their Moms. Their Fearless Leader only guided them with very few things and the dinner was just great, It was a Mexican food menu and theme. They had Taco Casserole, sopaipillas and the whole works. It was delicious. Those attending were: DeAnn Cooper and daughter, Traca Ann, Ann Tow and daughter, Kay Shirley Jones and daughter, Cristie, Barbara Evans and daughter, Glenna, and Tootie Bybee and No. 1 daughter. Leslie.

THE SWEET little Blue Birds met at the Gil Gillis home for a party. It was a St. Pat theme, and my daughter Lenise loved the chocolate cupcakes with chocolate icing as she is allergic to chocolate and has to get away to have any, and I guess she must have had her share!! They presented Mrs. Whitehead, their leader, with a extra large "Happy Face" candle to show their love for her for being their leader three wonderful years. All our little Blue Birds will soon be Camp Fire girls, when fly-up time comes around. We all thank Michal so very much for being such a good and faithful leader of these little ones. Always so sweet and patient and so important, always there when they needed her. Thank you Mike.

THE LADIES Thursday Club (LTC) met in my home this week and we all just had a great time together. We decided on a few plans for next September and just had a real great time together. Everyone was served a delicious Weight Watchers meal as that's all I could have, and that's all they were going to eat in front of me!!

HEAR THAT THE Rogerses were real pleased with their house guest this past week. Oldest son David and wife and little one were down for a visit. David just returned from a tour of duty in Viet Nam. Glad to see you back David and Good Luck to you and your precious family.

THOSE JR. HI. choirs sure did all right for themselves at contest this past week. Several of our kiddoes sing in the choirs, and we are all real proud of the work that went into preparing for this contest.

THE LITTLE'UN from Gene Howe really seemed to enjoy the Easter egg hunt this Friday at the park. I know that those third graders really had a ball and a few eggs also.

HOW ABOUT those Camp Fire Girls getting an Honorable Mention at the "Tables Elegante" program. With all those lovely tables and such stiff competition, it is so gratifing to know those little 6th graders could plan and set a table that would still get Honorable Mention. Everything on their table was recycable. Newspaper table mats, coke bottle name plates, and everything was just darling. The theme, naturally was, "Give the world a Happy Face-Recycle." Congratulations to you girls.

WELL, THE little fire scare of this past week sure made us all do a little thinking along this line of just about hopeless in our home would actually be. I don't know about you, but as for me, I don't think a volunteer type of fire dept. here is a bad idea. Someone mentioned that the ladies would have to be the ones to be trained to run the thing. Do you think if you were standing watching your home burn you would care if you were male or female, if you had the equipment to put it out? Women's Lib or no, I would probably personally drown my home and any one hear enough to get in the way. Like I say, it is sure food for a lot of thought, hope we all don't think too long and it's too late for our friends or neighbors or OURSELVES. The thought leaves me totally and completely frightened.

I HAVE SEEN every ingenious device used to save fruit in this area from frost, but I saw a new one last night. I must say it was the loviest I have ever seen. The Halls took their Christmas tree light and strung them through the trees and covered them with a big balloon of plastic and turned the lights on. It was Christmas in March and was so pretty with the red lights shining in the darkness. For that they deserve to save every little bit of fruit on the trees, and hope they do. But wasn't it clever!!!

WANTED TO SAY A little goodbye to our neighbors, the Moses family, who moved this week around the Gene Howe school. An especially "good" goodbye to Melinda and Mitch, whom we will miss riding their bikes up and down the roads and seeing them popping up over the top of the fence as they jump on their trampoline. Just know they will be real happy in their new home.

MRS. BOREN CALLED ME Sunday night to affirm that the children were really out for a whole week. She said she she was about ready to make Matt go to school as she couldn't believe they were out for a week. Well, they are and I've seen a batch of them having a good time running around the neighborhood. So, have a good time kids, Monday is four days away.

SORRY I DON'T HAVE A featured family this week. Everyone was either leaving or preparing to do so, and I have also been busy, so we will have one next week as per usual. Hope each of you have a very blessed Easter and may the Lord bless you all.

ONE MORE THING: To Lynn Laird: Would you please hurry with the front of your yard **we are all so very anxious to see** what it will look like. It really looks interesting and I know it will be real lovely.

Candidate Hits James

Nolan Robnett, candidate for the post of State Treasurer in the upcoming Democratic primary elections, Monday blasted Jesse James "because of his many connections with Frank Sharp."

Robnett made his statements during a short visit in Canyon as he conducted a quick campaign swing through the Panhandle.

The candidate, native of Lubbock who now resides in Austin, charged that: "The public has lost confidence in the State Treasurer because of his connections with Sharp." Too, he said, "Mr. James passed full retirement age three years ago and I think the Texans would be doing themselves a favor to retire him, as he would draw better than $1,000 a month in state retirement (funds).

He said further he is basing his campaign also on the premise that "modernization" must be brought to the state office through elimination of "antiquated methods. Virtually all modern businesses have incorporated sophisticated money management techniques that prevent the loss of any interest where large sums of money are concerned, such as funds in the state treasury."

His professional affiliations include licenses by the National Association of Securities Dealers, Texas Securities Commission and New York Stock Exchange.

He said he recently left the investment business on a leave of absence to "help pioneer the State Program on Drug Abuse."

"I feel like with my backgound in investments and my management degree—and my work in the organizational end of the state program on drug abuse—that I am capable of upgrading the office just as it needs to be done."

The candidate is a graduate of Texas Tech University, Lubbock, where he took a major course of study in personnel management.

Church Takes Option On Block

The congregation of First Presbyterian Church has taken a six-month option to purchase the block between 9th and 10th Avenues and 18th and 19th Streets.

The property would be used as a site for the church's projected new building.

Architects are to present preliminary drawings to the members on June 1.

THE YOUTH of the First Baptist Church had charge of the services Wednesday evening of last week and last Sunday. Many participated and they did a fine job. I especially enjoyed the youth choir's special, "And You'll Know We Are Christians By Our Love" and the duet, "My Task", on the organ and piano by Barbara Dowd and Sandy Railsback. This was during the offeratory. Sunday evening, a special group, "The Youngbloods," came down and gave their testimony both in song and in words. The young people also had fellowship after church and were joined by many young visitors of the community for all the entertainment and refreshments.

OUR ANGELIQUE is pleased with herself this week. She and Kathy Flowers received three month pins Sunday morning in Sunday School for perfect quarterly attendance. Angelique also won a button for memory work. But if you've seen her this week she has already told you about it.

HAPPY HAD a grass fire just south of town Sunday. The wind was blowing so badly, I shuddered to hear the fire whislle.

ABOUT ELEVEN participated in baptismal services in the Methodist Church Sunday morning and many visitors were on hand for the occasion. Nancy and Walker Parker had a pre-Easter and birthday dinner for Nancy's parents, Mr. and Mrs. Wesley Woods, of Canyon, and Mrs. Imogene Parker and Mrs. Verla Doagrty of Adrian and Valerie Johnson of Amarillo. Brother and Mrs. Stewart were also present and knew Mr. and Mrs. Woods when they lived at Groom, so they really enjoyed the visit. Methodists had a covered dish luncheon on Palm Sunday night at 6:30. They will have pre-Easter services at 7:30 on Wednesday, Thursday, and Friday evenings as the Methodist Church. They invite you to attend.

OMA HAYES, (Mother) returned Saturday from a three week stay in Bunkie, Louisiana, where she visited her Aunt, Flera Crow. Aunt Flera was Grandad Pair's sister. Mr. and Mrs. Ray Hunter formerly of Amarillo and now of Alexander came and took her to their home for a week-end. She saw the Mississippi River and more rivers, the towboats, the old mansions, and plantations, the Natchez-Vidalia Bridge, (8,135 foot-long cantilever-type bridge), and many sites of frontier battles, one where the "river rats" tried to take Natchez. I think she had a chamber of commerce guide.

GENE SHIPMAN was honored with a birthday dinner at his parents, Inez and Hollis Shipman. Jerry and Lillie Shipman of Hereford, Nan Earl Geauthrea and Patricia, Tanya and Jerry Doyle, and Gracie and Frank Tirey and Mother Dutch also helped celebrate. The birthday cards were hilarious and some were "Padded" with green. I don't know how old Gene is, but he is old enough to vote and

YOU BE SURE AND VOTE THIS SATURDAY FOR SCHOOL BOARD MEMBERS AND MAYOR AND CITY COUNCILMEN.

Anderson and Carol, Earlene Thornton, Claudette Ferguson, Opal Legerwood, from Tulia, Evelyn and Janice Shipman, Mrs. E. W. Schaeffer, Winnie Bryan, Donna Bryan and Rex, Lou Parker and Molly and Angela and Colleen and Cheryl Schaeffer. Others also sent gifts who were able to attend. This big event is to be about May 1. Melton and Pat have moved into Happy and Melton has recently gone to work at the Happy Wheat Gorwers.

FUTURE HOMEMAKERS OF AMERICA observed FHA Week all last week and planted a rose bush at school for beautification. Sunday they had a rose in each church. Monday was Tag Day and each FHS girl was presented an emblematic tag to wear; Tuesday was Patriotic Day; Wednesday was Big Brother Day and they walked the boys to classes and gave them cookies; Thursday was Senior Breakfast and they had breakfast in the school cafeteria t7 that morning together with a program, and Friday was Beautification Day. On Wednesday afternoon the FHA Girls and Karleen Moore, their sponsor, gave a Teacher's Appreciation Tea on the Homemaking Department at school. The table was covered with a beige linen cloth and adorned with a centerpiece of yellow forsythia and daffodils. Sharon Dietz, Anita Schoenenberger, Deborah McDonald, Vicki Wilson, Becky Via and Kay Sheets served punch and cookies and presented an apple to Mrs. Mary McBroom, Vivian Wesley, Fern Spear, Mrs. Williams, Mrs. Carver, Mrs. Jimmy Pride, Alvin Moudy, Lee Moore, Jane Forsyth, Sibly Gill, Gayle Null, Mrs. Bryan, Sherry Walker, Mrs. Sheets, Wanda Winn, Coach Criswell, Coack Weeks, Coach Lee, Sherry McDowell, Lonas Wright, Linda Waldrip, Sandy Morgan and visitors, Della Venhaus, Anna Bee Robinson and me. I left at 3 and probably there were other teachers who came up after that. FHA girls also taught the classes for these teachers to enable them to attend the tea. Very well planned. I saw Rhonda when I went back to give Angelique her Easter Basket and I asked her what she was teaching. She said, "Play ground."

BROTHER PAUL Heil picked the G. A.'s and R.A.'s up on the church bus at school and took them to the church for their mid-week meetings. This caused quite a lot of excitement. From the church, the first, second, and third grade children went to Kay Kennedy's home to hunt eggs. Everyone's name was on an egg. Kelly Weavers and Kay served cookies and kool-aid to Angelique, Tonya Geautheraux, Angela and Molly Parker, Cary Greenfield, Shann McCarley, Kathy Flowers, Brenda Sanders and Vicki Jones. Angelique said, "It's fun at Kay's house."

THE LAD R.A.'s hunted eggs in the Park. Willie Butler, Joyce Railsback and Camma Lou Tackitt hid them and Anna Mae McManigal awarded a prize to J. D. Phillips and David Walker. LAVENNA JACKSON spoke to the business class of Mrs. McDowell's last Thursday morning, about income tax. I'd know it was interesting and LaVenna is good on that subject. She has her own office at home and recently got it decorated and finished.

ALL OUR KIDS who are involved in sports went numerous directions over the week-end. Coach Lee and Coach Criswell took Ricky Hawthorne Stuart Tackitt, Steve Cole, Chris Pearson, Mark Hargrave, Greg Looney, Teddy Offield and manager Jerry House to San Angelo to a track meet. They got some good experience. Sherry and Lance Criswell enjoyed the trip. They got to go and see her folks during the trip.

They just barely beat Connie Johnson, Sara Tiry, Ora Mary Sims, Sherry Walker, Tanya McCarley, Mary Wilhelm, and Eddie Cope for that title. Saturday night after the tournament. Reggie Johnson handed out the trophies and they were very pretty. The only competition he had for being heard came from his own daughter and it was very funny. George Tirey had kept score and several of those firemen judged fair and foul balls. The real referee was from out of town. The teams were more closely matched this year than any so far and that is what makes it a good tournament. You have to live in the Happy trade area to enter and everyone knows everyone.

She is the mother of three children. One, Dan is a student at Canyon.

DELLA AND BOB Henry held a coffee for Graham Purcell on Friday night and the house was full. Many local candidates were also there as were interested parties. Lewis Stephenson and Mike Harris were there with Congressman Purcell. He spoke of his first trip to Washington and of the workings of his committee and plans being made. Three From Canyon Explain Opportunity Plan Program

Three Canyon persons appeared on a special Opportunity Plan, Inc. program at Friona High School last Thursday.

Dr. James P. Cornette, West Texas State University president, was a keynote speaker. Milton "Buff" Morris, executive vice president of OPI, spoke briefly. La Fonda Hodges, Friona High School graduate and a sophomore OPI student at WTSU, related her association with the Foundation to the students at her alma mater.

Invited guests to the program, in addition to the high school students, were Friona participants in and contributors to the various divisions of the OPI Foundation. Baker Duggin, FHS counselor, introduced the individuals and representatives of organizations which have helped form the Friona Community Plan of OPI and have made it one of the outstanding supporters of the Foundation in the area.

"The Opportunity Plan, Inc.," Dr. Cornette declared, "helps young people help themselves. The worst thing a human can do is to place himself in the position of having to accept help given him. The important thing is for you (youth) to find the right place to do your best in life, and all any one else can really do for you is to give you the opportunity to find that goal.

"I have always said this in high school commencement addresses," he concluded: " 'It does not matter whether you go to a college or university. It does matter whether you are willing to work and help yourself to achieve the most satisfaction from life which it is possible for you to have on this earth.' "

Miss Hodges, who works as a tutor in the Super Study program of the OPI, explained how the plan works for students, and pointed out that OPI will give a student a chance when all other agencies turn him down.

"OPI is a chance to learn," she emphasized, "to really become something."

Morris concisely outlined the methods of OPI and praised the Friona community for its enthusiastic response to the plan. He stated,

"Had the communities accepted this responsibility 30 years ago, we would have saved this nation millions of dollars in givernment funds."

Morris, Mrs. Jon Ann Dwyer, counselor at Texas State Technical Institute in Amarillo, and representatives from two other colleges, spent the remainder of the day at Friona interviewing students and providing information for their entrance next Fall into colleges of their choice.

INCIDENTALLY THE BETTER Homes and Gardens April issue discusses the merits of giving blood. Probably anyone who could would be happy to give someone else anything that would sustain life or make another life healthier.

MR. BEGERT IS RECOVERING in the medical care unit at St. Anthony's. His wife says he is visiting friends over the telephone and is being given a walk each day. It shouldn't be long before he returns home.

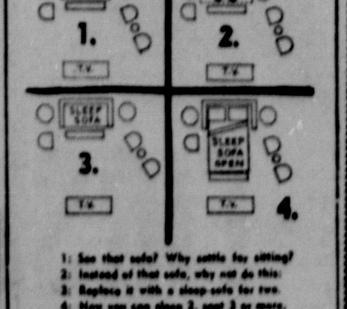
Sale $240
Save $60, get that big Queen-Size mattress, too. This 80" wide luxury sleeper also on sale!

If you're long on wall space and short on sleeping space, here's the same fine sleep sofa with a queen size mattress 6 inches wider and just as long as a full size mattress...what a difference that extra width makes in sleep-comfort...and what a difference the extra 12 inches of sofa width makes in living room or den looks! Green/White mix Herculon fabric.

This is one of the very few times you can find—and save on—a big name sleep sofa in the length you want, with the mattress you want, with a choice of fabric or leatherlike vinyl. Much too often sofa sleepers turn up with mattresses too narrow for two, or dimensions too wide for your wall space.

But today and tomorrow you can have a compact sleeper with a full size mattress or an overlong sleeper with a queen size mattress. And, although their original price tags reflected a very special purchase, you'll do even better—One is $41 less, the other $60 less.

How to change a do-nothing den into a double-duty extra room that can sleep extra guests or kids:



1: See that sofa? Why settle for sitting?
2: Instead of that sofa, why not do this:
3: Replace it with a sleep-sofa for two.
4: Now you can sleep 2, seat 3 or more, without making any other room changes!

300 appointees and I feel like he will present them all at once," Sherman said. The coalition disbanded before the Senate adjourned for the first day, when Gov. Smith and Lt. Gov. Ben Barnes announced that no appointments would be presented to the Senate.

The House elected Rep. Rayford Price Speaker Tuesday afternoon on a 77-65 vote. Reps. Poff, Phil Cates of Pampa and Tom Christian of Claude, allvoted for Price. Reps. Bynum and Billy Clayton of Hereford voted for DeWitt Hale of Corpus Christi, Price's main opponent.

In a press conference held Monday shortly before he left for Austin, Poff said that he would vote for Rep. Rayford Price of Palestine for Speaker of the House to fill the vacancy left by Gus Mutscher.

"For several months I have been convinced the present house leadership must be replaced. For more than a year I have been quietly working behind the scenes to bring about legislative reform. I believe through these efforts and the election of Rayford Price as speaker; my hopes for a new day in the Texas House will be realized."

Bynum had pledged his vote to Rep. Dean Cobb of Dumas. But the two names most often mentioned for the job were Price and Rep. DeWitt Hale of Corpus Christi. "In the event that Cobb is no longer in the race; I will support the candidate I believe the most likely to bring about the reforms necessary to restore the confidence of the people of Texas in the state government.

Bynum had also signed a pledge to vote for Price. "Yes, I have signed a second pledge to vote for Rayford, which I will honor if I feel that Cobb has no chance for election in January."

"If I am sure that Hale really wants to be an interim Speaker and has no intentions of running for the office in January and I feel that Cobb could win in January; I might vote for Hale. As it stands now, however, I will honor my pledge to Rayford," said the Amarillo Representative.

"There was a movement afoot to seat Rep. Jim Slider of Naples as speaker," Poff said. Although I don't know just how strong that movement is. There is a House rule that says when the speaker or the speaker pro tem cannot chair the session that the chairman of the state affairs committee will preside. Slider is the current chairman of that committee.

Hale has been asking for a secret vote by the House on the Speaker issue, while Price has suggested that the vote be open for the public. "That will be the test vote," Poff said. "It is very likely if we have a closed vote, Hale will win. If we have an open vote, Price will probably win." The Price election did come on an open vote.

All three legislators feel that some form of the Highway Beautification Act will be passed. The federal government has required that most billboards must be moved at least 660 feet from all highways. If the bill is not passed by the House, Texas could lose up to $24 million in federal funding.

Bynum is the interim committee chairman on Highway Beautification. "Our committee has drawn up a bill that I feel sure will pass the House," he said. "It does comply with the federal Highway Beautification Act of 1965 and places a minimum burden on the state."

Gov. Smith introduced his own version of the Highway Beautification Act as well as a state financed primary in a speech Wednesday morning to a joint session of the Legislature.

If the bill is passed the state and federal government must buy all billboards that are torn down. The state will pay for 25 per cent and the federal government will pay the remainder.

"I feel we will have to pass a bill to save the $24 million dollars," Poff said. "It just upsets me that we are being forced to to do this by the federal government without really having the proper amount of time to consider the bill. It is an intricate bill, which will include spending untold amounts of money."

Sherman said he too felt the bill would pass. "But one question which I intend to raise is just how much this is going to cost us. I have heard rumors that it could cost as much as $84 million. If that is the case I think it would be ridiculous and just poor economics."

been unable to do so.

Hudson said Potter County says they have lost the entire file on Chambers and the complaints against Chambers were not signed by the two women or the man believed to have witnessed the accident at the lake.

Chambers was put in Potter County Jail and then the officers began checking what went on at the lake, Hudson reported.

Hudson said Chambers and a friend went to the lake and helped the two women put their boat in the water and then began fishing.

He said the two men had stopped at Fritch and bought two six-packs of beer, and he had verified with the liquor store the next morning how much they bought.

Hudson said the shooting which allegedly took place at the Lake was target practice.

He said the older woman had also shot the gun, "Chambers used poor judgement in having the gun at the Lake," Hudson said.

An investigation of the incident was set by President James P. Cornette following a resolution passed by the student senate asking for such an investigation.

Donald R. Curry, of Fort Worth, member of the WTSU board of regents, said he would present a report on the matter to the board at the meeting April 6 in Dallas.

The status of the university investigation is not known at the present time.

Thinclads Get Back To Work

West Texas State University's track team started back to work here Wednesday afternoon, preparing its self for a rugged three-way meet Saturday in Albuquerque, N.M.

The Buffaloes face Oklahoma State University and the University of New Mexico in that event Saturday.

In Saturday's Mini-Relays at Texas Tech, the Buffaloes shared honors with the hosts as each team won five first places. No points were kept during the meet, which featured four relays.

Coach Bob Kitchens' Buffaloes won the 440 and 880 relays, while Tech won the mile and two-mile relays. Each team won a trio of individual first places.

The Buffaloes came within one-tenth of a second of equalling their best time in the 440 relay with a 41.5 time. They won the 880 relay in 1:26.7.

Carl Brown had the best individual effort, running the 120-yard high hurdles in 13.8. Teammate Randy Thomas also had his best time of the year, 14.3. Thomas won the 440-yard intermediate hurdles in 55.5, his best effort of the season. Kirk Johnson provided the other Buffalo first with a 161-7 throw in the discus.

The Buffaloes will be facing plenty of quality athletes Saturday. Oklahoma State has run the 440-yard relay in 40.8, while New Mexico has a 41.0.

Among New Mexico's top athletes are Ingemar Nyman, Ingemar Jernberg, Chuck Steffes and Per Eric Smiding. Nyman set a school record last week with a 7-1 high jump effort.

Jernberg has vaulted 16-0 this year, but has a best of 16-6. Steffes, an NCAA Indoor All-American, has triple jumped 52-2 this year, but went 52-4½ during the indoor season. He is also a 24-5¼ long jumper.

Smiding has thrown the javelin 245-0, but his best toss this spring is 236-9.

Among the top Oklahoma State entries are John Halberstadt, Jim Bolding, Dennis Schulty, Mike Marks and Jim Benien.

Halberstadt has a 4:12.8 this season and has run the three-mile in 14:05. In Saturday's event, however, the two-mile run will be substituted for the three-mile.

Bolding, the only athlete to defeat the Buffaloes' Brown during the outdoor season this year, is an NCAA All-American. He and Brown both ran 14.0 times two weeks ago in the Arlington Relays, but the edge was given to Bolding.

An Olympic prospect in the 440-yard intermediate hurdles, Bolding has a best time of 52.3. He placed third in the NCAA meet last spring.

Schulty leads the Aggie sprinters. He has run 9.5 and 20.7 in the 100 and 220-yard dashes. Marks is the school record holder in the shot with a 57-4¾ effort. Benien threw the discus 170-4½ two weeks ago in Arlington.

Kitchens feels his spring relay team is capable of lowering its time. The Buffaloes have run a school record 41.4 once and twice have run 41.5 clockings.

Thomas and Brown are strong Buff entries in the hurdles. Thomas, the defending Missouri Valley Conference 440-yard intermediate champion, will double in both events and Brown will run the highs. Brown doubles by running the second leg of the Buff sprint relay.

Johnson, who has a best of 164-7½, will bid with Benien for top honors in the discus. Snow, who won the MVC pole vault title last year, has cleared 15-0 twice this spring and that equals the school mark he set last year. He has been clost to going over 16-0 in practice and both he and Kitchens feel that mark will come this year.

Distance runner Jim Hogan has started faster this spring than he has in past years, running below 4:20 in his first meet. His best was two weeks ago at Arlington when he ran 4:13.3. Hogan was second in the MVC last year with a 4:12.0 time. He ran 4:11.9 inside earlier this year at the Astrodome Relays. Like Halberstadt, Hogan has not ran a two-mile this spring, but has a 14:59.6 time in the three-mile.

Pioneer Canyon Resident Dies

A.C. (Abb) Thompson — one of the Panhandle's foremost pioneers and early-day Canyon resident — was buried Tuesday in Hereford following his death the previous Saturday.

Known affectionately as "Uncle Abb," Mr. Thompson was 95 years of age when he died.

Funeral services were held Tuesday at the First Methodist Church, Hereford.

A pioneer telegrapher for the Santa Fe Railroad, Mr. Thompson had lived in Hereford some 30 years before his death. Earlier, he had settled in a half-dugout home at a location in south Canyon. He came to Canyon in 1889, during the twilight years of the big Texas cattle drives. He had also lived in Hartley and in Deaf Smith County for a time.

His wife, Alberta, was known widely as "Aunt Tot," relatives recalled Tuesday.

The late Mr. Thompson's parents, the Nicholas Thompsons, migrated to the United States from Norway in the 18th century. The elder Thompson once had been a sailor in the Norwegian Navy.

The Nicholas Thompsons organized the first Methodist Church ever to be established in Canyon, said Eugene Bonds of Canyon.

The elder Thompson once donated $1,000 toward establishment of West Texas State Normal College, as it was then called.

The Thompson family, Bonds reported, was reputed to have been the fourth family to move to Canyon proper.

A.C. (Abb) Thompson was known in the Canyon area as a member of a pioneer cowboy band, which performed in the 1890's.

He married Alberta Cravens in 1913 at Dalhart, where he was in the grocery business for a time.

Bonds said Mr. Thompson attended the first school in Canyon and was this city's first bookkeeper.

The purpose of the seminar is to relate to local officials in an educational way on elections, Ritter noted. The seminar is one of several planned by the government department on different subjects, according to Ritter.

A packet will be prepared for the seminar, Ritter said, including a summary of national party rules, rules for conducting primary elections, and rules for conducting precinct, county and state conventions, Ritter stated.

The registration fee for the seminar is $3 including a luncheon. The luncheon will be held in the WTSU East Cafeteria.

PTA Possibilities Are Investigated

Possibilities for organizing a Parent-Teacher Association in Canyon are being investigated by Mrs. Gene Carlisle, 2618 10th Ave.

"So far I haven't found out whether there's enough interest on the part of people here to do it," she said, but she has talked to Dr. Dudley Moore Jr., president of the school board, and plans to talk to Mrs. Clyde Crump of Amarillo, district PTA president.

"I just feel it's terribly important that we have one here. There is no communication between school and parents. I think this would be a means of rectifying that.

"I would be willing to do anything that I possibly could to help if there is enough interest."

Mrs. Carlisle said that she became impressed with PTA workers in Chapel Hill, N.C., where members did volunteer work in the library, took over classrooms to free teachers for conferences with parents, did playground duty, and helped maintain playgrounds.

Buff Golfers In Shawnee For Tourney

West Texas State's golf team competes Friday and Saturday in the Oklahoma Intercollegiate Invitational Golf Tournament at Shawnee.

The tourney, which is hosted by Oklahoma Baptist College, will be a 54-hole medals play event. There will be 36 holes fired Friday and 18 Saturday.

West Texas placed sixth last week in the New Mexico State Invitational at Las Cruces, finishing with a 922 total. New Mexico State won the event with 868, followed by the University of Arizona at 885, Glendale, Ariz., at 906, University of Colorado at 906 and the University of New Mexico at 921.

Other team scores were New Mexico State number two 934, Drake 939, Lamar 953, Eastern New Mexico, 959 and South Dakota Tech, 996.

Dick Weston of West Texas placed fifth among individuals with scores of 73, 74 and 74 for a 221 total. The Buffs were third in the team low ball event with 193, three strokes behind winning New Mexico State.

Boy Tricked By Dog, Fate

You never know what's going to happen next.

Ask 8-year-old Lane Williams, son of Mr. and Mrs. Glenn Williams, 400 4th Ave.

Last weekend he climbed over a fence into a neighboring yard to "retrieve his coat," said Mrs. Williams.

That was a mistake.

A dog bit him.

"He'd been playing with the dog before. The dog never bit him before. He (young Lane) learned a lesson."

Young Lane received a protective shot, and owners of the dog were advised to keep their dog penned up for 14 days as result of the boy's ordeal.
